

People comment all the time...

“You have a great smile!”

I've had all my childhood fillings redone, and I love the results! It just feels really good. And people do notice. They ask "who's your dentist?"

In addition to cosmetic issues. I also suffered pain from TMJ for years and never knew that it was because my teeth weren't lining up properly. After invisible braces called Invisalign, my TMJ problem is gone.

Once you experience good dentistry, you know it. I definitely would recommend Ann Banes as a dentist.
