Circuit parties, are they worth it?

Hello Trinity,

What are circuit parties and would you recommend them?

Circuit Queries, Philadelphia, PA

Hello Circuit Queries,

Circuit parties, typically benefiting AIDS

organiza-
tions, started
in Atlanta, Ga.,
in the 70s at
the Hotlanta
River Expo
where so

many people showed up
that the organizers had to create
smaller parties to accommodate
the crowds, thus a circuit of parties.
Events like Montreal's Black & Blue
fill sports arenas, sporting famous
DJ's and entertainers. For \$75 to
\$150 you too can dance next to gor-
geous, muscular gay men on drugs
(how else do you think they stay up).
So, once in your life, down a Red
Bull, remove your shirt and dance all night, but, darling, skip the
drugs because some people also overdose.

Hey Trinity,

I invited a guy from the internet over for dinner, which ended
up in bed. After I orgasmed, I asked him to leave cause I was
tired. Later he called to say how "horrible" I was for "excusing

him" five minutes after "I pleased myself." He was an
internet date; what did he expect, romance?

Thanks, Now Leave, Houston, TX

Hey Thanks Now Leave,

Whether he wanted romance or to be treated
humanely, it's never OK to kick out a one-night stand
right after you orgasm, including internet dates! Next time
"please" your date too, spend a bit of time together, then an-
nounce that you're selfish, I mean tired. Honey, make someone
glad, not mad to meet you! (My cartoon shows you how not to
act in this situation."

Dearest Trinity,

I met this guy who forced me to have sex.
I'm gay, but I think I was raped. How do
I know?

The Rape Rap, Nashville, TN

Dearest Rape Rap,

I also was raped at gunpoint in the south
in the early 80s. I'll remember it forever
and you will too. That's the first sign you
were raped. If you were given drugs
that's the second sign. And, if you feel
like it's your fault, there's your third sign.
Other signs include marks on your body
and a fear *in* your body of being raped
again. Yes, sweetie, it takes two to tango,
but just because you said yes to a date
doesn't mean you should be forced to

mate! Every city has gay helplines. Please call them!

Dear Trinity,

Two years ago I broke up with my ex also of two years. Now he
wants to get back, but we always get back together to see if
the relationship will work again. Should I give it another try?

Once Again, Cleveland, OH

Dear Once Again,

If after four years you're still not sure, one thing is sure — you
both may never be sure. So, pumpkin, before starting up again
start reading:

Trinity's Sharp Tips For "When It's Finally Time" To End A Relationship

1. When *every night* promises fighting and/or violence, it's time!
2. When he *cancel*s five out of seven dates (three times he called too late and twice he "forgot"), it's time to forget him!
3. When, by the fifth date she still *treats you like* a loser with nothing "important" to say or do...it's definitely time!
4. When after three months he's still *extremely* lazy, rude and selfish, it's time!
5. When you *can't do* or "have never done" anything right, it's "so long" time!
6. When she doesn't want to talk, listen or communicate ideas on making things better...guess what!
7. When he *cheats* in front of you and/or behind your back for the third time, guess what again?
8. When you've *only seen him* a total of one month in the last three because of family, business or blah blah blah, it's time.
9. When she *steals* your money, your car and your best friend, do I have to say it?
10. Lastly, when you *haven't had sex* in the last years of your four-year relationship, it's big time to end it! ::
