DENTIST

OFFICE OVER WOLF'S STORE

BADIN, N. C.

J. D. HERRING

## CANNOT SCORCH OR BURN

The regular sterilization of your garments by hot, dry steam, is the safest manner in which to overcome the ever-present danger of germs.

In our shop, all garments are pressed on a modern, up-to-date, Hoff-Man Steam Pressing Machine.

This machine is equipped with a powerful vacuum attachment, which draws all dust and dirt out of your clothing, leaving it fresh and clean; then they are given a liberal application of hot, dry steam, which raises the nap of the cloth, removes unpleasant body odors, and gives the garment a most pleasing appearance of newness.

Thru the use of the Hoff-Man machine, it is possible to exert a pressure of one thousand pounds on garments being pressed. This assures sharp, lasting creases.
