Vindicators Easily Win Summer Sports Program Crown

Winner of the Summer Sports Program by a margin of 19½ points the Vindicator Squadron scored a total of 108½ points while their nearest rivals—the Kingfishers—had 89. Next in line were the Wildcats and Mariners with 85.

From July 24 until last Saturday the Vindicators had held the top position in the standings. Also their record for the season was the best made by any squadron in the Sports Program since this school was commissioned on May 23, 1942.

Final standings in the Summer program give the Buccaneers and Skyrockets 79 points, the Helldivers and Catalinas 76, Devastators 73½, Buffalos 66, Coronados 59½, and the Mustangs 59½.

The Fall Sports Program got underway this week, but only one contest had been played by each squadron as of Wednesday.

The Buffalos, Vindicators, Kingfishers, Devastators, Helldivers and Mustangs each scored single victories in soccer while the Coronados, Mariners, Buccaneers, Skyrockets, Catalinas, and Wildcats were on the losing end.

Former Cloudbuster Pitcher Writes Lt. Kepler From Peru

(Editor's Note: Cadet Jimmie Doole, a member of the Cloudbuster baseball team during the past summer, wrote the following letter to Lieut. George D. Kepler, USNR, head baseball coach, upon arriving at Peru, Indiana.)

"Dear Mr. Kepler,

"This is a second-hand attempt by me to say what I really wanted to before I left Chapel Hill.

"In some way I'd like to thank you for all the breaks you gave me during my short stay at the 'Hill.' When I left college I had just about given up the thought of playing baseball for quite some time, and certainly I had no intentions of playing ball with boys like Ted, Johnny, Mr. Hassett, etc. But when you called out the candidates from the '27th,' I thought I might as well give it a try. All I know is that in those few weeks I had more fun and picked up more tips than I ever could have in a whole season any where else. Actually pitching for such a club was far beyond my dreams, but you did give me a chance for which I am extremely grateful even if I did batch up the works a bit.

"That trip to New York was really the climax of the whole season for me. Just throwing batting practice in Yankee Stadium

is enough to give any kid a thrill. It was the same way all through the season, I really got a kick out of throwing 'em up. When guys like Mr. Hassett, Mr. Craft, Johnny, Ted and the others treat you like any other ball player and try to help you—well it just gives you a fine impression of big league ball players.

"I've done a lot of talking—perhaps too much, practically reviewing the whole season. But it only shows what an impression Chapel Hill made on me.

"It wasn't all baseball. I enjoyed every day of my training. I know you hear lots of griping about the beating we get, but every cadet who goes through Chapel Hill learns plenty that will help him the rest of his life. The one real reason for this I think lies in the terrific staff of officers, athletics, platoons, etc. It's hard for an outsider to realize the fine training each cadet receives, but when you think that every great athlete is there to help you—well you dig in and get an even bigger kick out of it.

"Peru looks as if it will be a great place. Tomorrow I have my first flight and I can truly say I'm rarin' to go! Flying takes up most of our time, and we get about 100

Hospital Corps, Satellites Score Upsets in Softball

Two upsets marked play in the softball league on Wednesday afternoon when the Hospital Corps defeated the Lexington, 7 to 2, and the Satellites handed the Essex a 5 to 0 loss.

In other games played the Enterprise won out over the Saratoga, 7 to 6, and the Cowpens lost to the Rangers, 13 to 6.

Had either the Essex or the Lexington won on Wednesday they would have held undisputed possession of first place in the league standings. As it now stands they are tied with the Rangers with a record of 5 wins and two losses apiece.

A playoff between the three teams to decide the champion will be held during the next week. Also, a complete list of the final standings will be printed in the next issue of the CLOUDBUSTER.

hours here.

"I could go on, but I have probably said too much already. Again all I can say is thanks a lot for the best three months of my Naval training. Please say hello and give my best to everyone, Mr. Hassett, Mr. Krywicki, Mr. Deutsch, and all the swell bunch.

"Sincerely,
Jimmie Doole."
