

# Former "B" Squad Back Is Pre-Flight Surprise Package

Coach Glenn Killinger had several reasons to smile following the Cloudbuster's 33-to-18 victory over Georgia Pre-Flight last Saturday afternoon at Athens.

To start things, the Cloudbusters won the game in the first half instead of waiting until the final seven seconds, as was the case when the two teams played here three weeks ago.

In the second place there was the surprise performance of Cadet John Pearce, who started the game at quarterback. Only last week Pearce was moved up from the "B" squad to the varsity, and his addition aided the Cloudbuster cause considerably.

### Is Triple Threat

Also welcome was the return to action of Frank Aschenbrenner and G. V. Fellabaum. On the sidelines for the past month with injuries, these two backs did themselves proud against the Skycrackers. Fellabaum scored one touchdown and set up another while on the receiving end of one of Otto Graham's tosses. Aschenbrenner was a triple threat—running, passing and kicking with the form that made him one of the outstanding backs on the squad in early season.

"Our boys played by far their best game of the season", Coach Killinger was quick to point out. "They had the spirit and determination and it brought them victory. I'm proud of them."

### Played 60 Minutes

In the opinion of Coach Killinger, Otto Graham played his best game of the year, including that with the Naval Academy. The former All-American from Northwestern was the only player on either team to play the full 60 minutes.

Graham passed for 3 touchdowns, scored one himself, and set up the fifth. In 16 attempts he completed 12 passes, good for 168 yards, and in 10 running attempts he picked up 55 yards. On another occasion he cut down the sidelines, then back to midfield, eluding 6 tacklers, and dashed 95 yards for an apparent score. A clipping penalty nullified it. Graham's performance made him an outstanding candidate for All-American Service Team honors.

## Great Team, Back Beat Skycrackers, Says Ducky Pond

"Professor" Whitney Martin, Associated Press sports writer who conducts a weekly class of football coaches, had quotes from Lieut. Comdr. Glenn Killinger of the Cloudbusters and Lieut. Raymond (Ducky) Pond, head coach of the Georgia Pre-Flight, on the game at Athens last Saturday.

Said the Old Professor: "Mr. Killinger, what would you do if I gave you a drum?"

Lieut. Comdr. Killinger: "Beat it, Professor, but you can't beat our boys. They are unbeatable in their own class. And that Otto Graham! If there are any better all-around football players in the nation I haven't seen them."

Lieut. Pond: "Whew, that Graham! We lost to a great team led by a great back in Ot-
