

# The Nash County News

VOL. IV. — NO. 46. SPRING HOPE, NASH COUNTY, NORTH CAR., THURSDAY, AUGUST 22ND, 1935. \$1.50 PER YEAR

## "SHOWER OF GOLD" CONTEST OFFICIALLY OPENING TODAY

FIRST LIST OF NAMES PRINTED BUT WINNER MAY NOT HAVE ENTERED YET

CAMPAIGN WILL CLOSE AT 10 P. M., SATURDAY, OCTOBER 5th

Pictures of Some of the Children Who Have Entered Will Be Published Next Week

Today, for the first time since the "Shower of Gold" circulation campaign was announced, the list of entrants is published. It is a most comprehensive list and it attests the popularity of the Nash County News.

The list is not yet complete. Many other names will be added during the week as mothers and friends enter their little ones in the race for cash prizes.

The first group of pictures of candidates will be published next week. By this time next week the campaign department hopes to have many more Nash county boys and girls working for the 5 big prizes.

### Big Extra Vote Offer

250,000 extra votes will be credited on each \$15.00 worth of subscriptions turned in this week. All subscriptions that have heretofore been turned in will count on this offer.

Today is the official opening day — really, it is entry time. From today until the close, October 5th, is the time when the prizes will be won. Those who have officially entered will be found elsewhere in this issue and are in on the ground floor. Their parents or friends are taking the first steps toward making them safe when it comes time to send them to college or start them in business.

Many of the contestants plan to use the money, if they win, for the home or other purposes until it is time for college. There are no strings attached to what the winner can do with the money. It will belong to them to do with as they may see fit.

### Ideal Time to Enter Now

It is not too late to enter and it is an ideal time to make nominations and get started. This week will be the first official week of the campaign. Those who have entered will get down to business. The race will be on. There is no red tape connected with the distribution of the prizes. They are absolutely free.

Read over the list of candidates and enter your own boy or girl. If you have no children, enter the name of a deserving little friend.

The list of standings of various workers will be published from time to time throughout the campaign. Those who have received votes will receive credit in the published list, but at no time during the campaign will the full vote strength be published.

The large number of candidates indicates the splendid interest that has been shown in the campaign from the first preliminary announcement which was made a few days ago.

## FARM NOTES

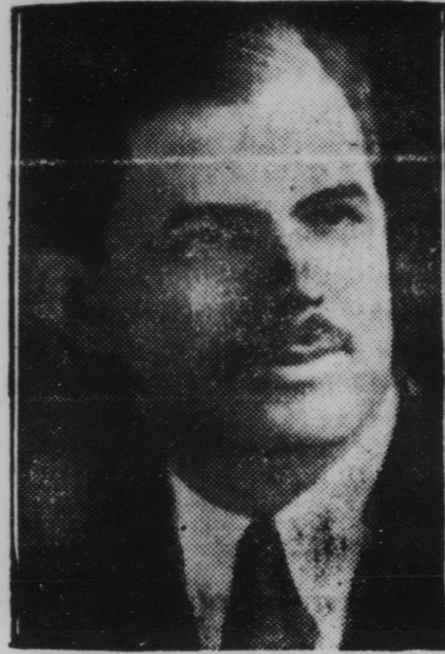

By T. H. LeCROY

Teacher of Vocational Agriculture Spring Hope

To take new ideas and developments and apply them successfully to practical situations calls for a type of pioneer. Such a man is I. B. Gardner of Spring Hope. He is one of the first few farmers in Nash county to successfully grow alfalfa on a large scale. Starting five years ago with his seeding, he now has twenty acres of alfalfa from which he has already secured this year three cuttings and will get two more. Each cutting has yielded approximately one ton of hay per acre. Besides having America's leading quality hay to feed his own stock, Mr. Gardner produced last year enough hay from the twenty acres to feed about twenty mules which he kept the past spring for sale, sold about fifty tons and had nearly a carload left at the beginning of this summer. "I made nearly enough from that twenty acres alfalfa to run my family," says Mr. Gardner.

One of the best ways of becoming a better farmer is by being a close observer of what other farmers are doing. One can profit by the mistakes and successes of others. Now is a good time to check with your neighbors on results of different fertilizers, varieties, methods of cultivation and other operations. What one farmer demonstrates successfully is worth more in getting better farming practices followed than what the county agent and vocational teachers can get done in years otherwise. However, what one farmer successfully

DR. RALPH W. McDONALD

## McDonald Will Run for Governor

Dr. Ralph W. McDonald, above of Winston Salem, leader of the anti-sales bloc and champion of the schools in the 1935 General Assembly, Monday announced his candidacy for the Democratic nomination for governor of North Carolina.

In his brief announcement Dr. McDonald calls for a definite choice between "machine government for the benefit of the few" and "genuine democratic government for the benefit of all."

"The problems which North Carolina faces center around taxation, government organization, education, and the social-economic welfare of the people of the state. My willingness to become a candidate for governor is based simply on the fact that my entire life has been devoted to a study of these problems," he says.

In a recent session of the General session of the General Assembly McDonald became known throughout the State for his unrelenting opposition to the sales tax, his ardent support of the public schools. McDonald also led the

## ADDITIONS TO RURAL ROUTES ONE AND TWO

### Street-Highway Allocations Made

Proposed allocation of funds for maintenance of municipal streets used as highways was announced Friday by Capus M. Waynick, chairman of the State highway and public works commission.

With more than 300 towns involved, the total allotted in the tentative list is \$470,546.10. It is designed for division on 857 miles of municipal streets in towns with an aggregate population of 1,047,845.

"The proposed allocation is not on a per capita basis, but is based on what appears to be the maintenance needs in the municipalities as they have been estimated by our engineers," Waynick said.

Winston-Salem received the largest allocation, \$38,827.00. Some towns got as low as \$50.00. The following are some of the towns on the allocation list and the amounts they will receive: Bailey, \$775; Franklinton, \$380; Louisburg, \$990; Middlesex, \$775; Nashville, \$650; Raleigh, \$290; Rocky Mount, \$8,975; Spring Hope, \$450; Youngsville, \$130; Zebulon \$320.

## Tobacco Barn Lost in Flames

Bursting into flames about 2:30 o'clock Sunday afternoon, a barn belonging to Mr. Richard Abernathy near Spring Hope, burned to the ground, carrying 600 sticks of tobacco worth about \$150.00 up in smoke. A falling stick of tobacco was believed to have started the fire. Mr. Abernathy's total loss was estimated at approximately \$500.00.

NEW SERVICE TO START ON SEPTEMBER 16th

Will Serve Over 100 New Families

Postmaster John C. Matthews Saturday announced that he had at last received approval direct from the Postoffice at Washington, D.C., on the proposed changes and additions to Rural Routes 1 and 2 from the Spring Hope postoffice. For over two years Mr. Matthews has been working hard to secure this extra accommodation, and as a result of his earnest efforts; the backing of those on the unserved sections who prepared various petitions; and the work in Washington of our new congressman, Harold D. Cooley; the plans have gone through in entirety. Mr. Matthews, as well as the mail carriers B. L. Corbett and C. H. Stallings, and their patrons, feels distinct pride and pleasure that his recommendations have reached such a successful completion.

The new layout, as outlined below, will give daily mail service to over one hundred families now without mail facilities. Notice is hereby given to those on the new territory desiring to receive mail to have their mail boxes up and ready to meet the carrier on September 16th. Government specifications for correct mail box erection is given elsewhere in this paper. Naturally the changes will slightly affect the

## Tobacco Markets Open on Monday

PREPARATIONS COMPLETE FOR THE LARGEST SEASON IN HISTORY

High Averages Predicted

Tobacco markets in the Bright Leaf Belt will open promptly at 9:00 o'clock on Monday, August 26th, for the sale of leaf tobacco. Farmers in the Eastern Belt are ready and a record opening day is expected. All the markets near here have been making improvements and special preparations for the openings, and if the high averages that have prevailed in the Georgia markets follow into this state it should be a booming year for growers of the golden leaf. The biggest advice the seasoned tobacco men have offered is "Don't rush your crop too fast." Markets that have already opened in the state have been piling up averages worth reporting, radiograms received just as we went to press from I. E. Barnes, head of the Tobacco Board of Trade in Fairmont, told of 25c averages on the sale of many pounds on the market there.

### Rocky Mt. Facilities Enlarged

By Geo. Arrington, Sup. of Sales  
The Rocky Mount tobacco interests have just completed the largest extension and remodeling campaigns in the history of the market and all warehouses and redrying plants will be ready when the
