TWO FAIRS ***** MISUNDERSTANDING ** NO COOPERATION **

At this time there seems to be a great confusion, a stir and a misunderstanding in regard to who should have a Fair, who has the right to have a Fair, and who should give way to the other.

From the very outset this paper will take neither side of the argument but we will print the facts as they are.

The facts follow:

The first Fair announcement for 1935 appeared in the February 14th issue of the Nash County News and states: "Plans for a Community Fair are already started. It will be about the usual time and, will be sponsored by the Methodist and Baptist Churches."

The next announcement came on March 7th by the 'Spring Hope Community Agricultural Fair Association', "We will stage our annual Fair for one week, beginning September 16, 1935, with the 'B & B Shows' playing the Fair."

The next announcement appeared on March 14th when The Community Fair (Churches) named their officials for the 1935 Fair and stated,—"A definite date will be set later."

The Town Board passed a resolution back in March that no Carnival, other than the one sponsored by the Churches play in Spring Hope this year.

The Agricultural Fair Association has a charter issued by the State while the Community Fair Association does not.

Neither Fair Association has a permit from the Department of Agriculture.

The Church Fair has had published and distributed their premium list while the Community Fair has done nothing along this line.

All in all it goes to show that "a house divided against itself cannot stand." In order for anything to be the greatest success, there has to be full cooperation. The Spring Hope People should get together and work as a unit, rather than pull in different directions as they now are.

Why not have a meeting of these different Fair Associations, and at this meeting, work out a plan which would be suitable to all concerned? One big fair would be better than two small ones. Even one small one would be better than two smaller ones.

GREAT AMERICANS

Well, all I know is what I read in the papers—a line made famous by that beloved and well-known character, Will Rogers. But no more will we see those words that we all have come to know so well.

When Will and his great friend, Wiley Post were killed, the whole world suffered a great loss. Those two men were typical of what every man should strive for. They were continually striving to do something for the betterment and progress of this world of ours. Wiley Post working to increase man's speed and control over the elements, and Will trying to make others happy.

We all know that no one can ever take the place of either of them, but let us all try to imitate the example set by these two great Americans.

SALE OF LAND For 1934 Taxes

Notice is hereby given that in pursuance to law made and provided for the sale of lands and chattels, for taxes, I have levied on the following properties in the Town of Spring Hope, Nash County, North Carolina, for the amount of taxes due for the year 1934, and prior thereto, cost and penalty, I will, on Monday September 9th, 1935 between the hours of 10:00 A. M. and 4:00 P. M. in front of the Mayor's Office in the Town of Spring Hope, Nash County, North Carolina, sell the said properties to satisfy said taxes cost, etc., due thereon.

Notice is further given that after said lands have been sold there will be added 8 per cent penalty this penalty becoming effective September 9th, 1935. Under an act of the 1933 Legislature the Town Commissioners can not remit the penalty.

This 10th day of August, 1935.
