

FOR YOUR WEEK-END TRAVEL

# Edenton Pilgrimage Recalls Colonial Days

One of the top attractions for week-end tourists and vacationists in North Carolina during April is the Pilgrimage of Colonial Edenton and Countryside in Chowan County.

The biennial pilgrimage will be made to Edenton, "Cradle of the Colony," Friday and Saturday, April 15 and 16.

Highlights of the tour will include visits to approximately a dozen historic houses and plantations, a daily tea in the afternoons, and a candlelight and organ music concert on the evening of April 15.

POINTS OF INTEREST included in the pilgrimage schedule are:

Chowan County Courthouse, one of the finest Gregorian courthouses in the South, built in 1767. The courtroom is reminiscent of the original Capital in Williamsburg.

The Cupola House, built in 1715, and considered the finest Jacobean type house south of Connecticut. It is now a library and museum.

Bandon Plantation, built during the administration of Thomas Jefferson.

Paxton House, erected in the late 1790s.

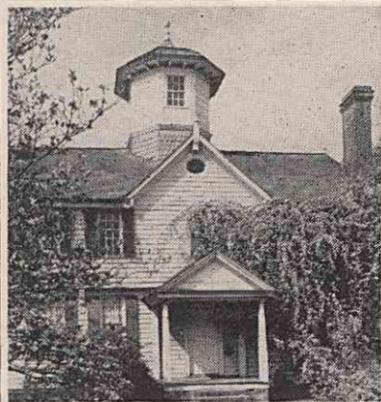

Mulberry Hill Plantation, estab-

lished in 1684. The brick house built prior to the Revolution features an Adam mantel, considered to be one of the finest in the country.

The Iredell House, built in 1759.

Sycamore Plantation which predates the Revolution.

The Barker House, owned originally by Thomas Barker, who was London agent for the Colony dur-

Historic Cupola House, Edenton, N. C., was built around 1715. Since 1921 it has been used for the Shepard-Pruden Memorial Library and a small museum.

## FOR AND ABOUT WOMEN

# Planning Is Essential In Home Management

Your housekeeping jobs may be taking more of your time than is necessary, cautions Miss Mamie Whisnant, North Carolina State College home specialist. "One reason many homemakers dislike their homemaking jobs is that they're still doing them the old, hard way," she says.

"For example, there is meal preparation. In preparing just one meal think of all the many different jobs you have to do. Take into account how many meals you prepare each year and see how much it would mean to be able to save a few steps, stoops and minutes on each job. Add it all up and you have a lot of time and energy saved in the course of a year."

\* \* \*

OFFERING SUGGESTIONS on efficiency, this home specialist points out that good home managers have a plan, and that they know more than the best way to do each of the jobs they perform every day. They know how to fit them all together well; plan what jobs must be done, who will do them, when and where, and how to do them the quickest, easiest way—all this before starting work. They lay their day's or week's work out before them and then prepare a plan of action.

Conserve time and energy by taking in stride your forgetfulness on what you were going to do next week. Keep a pad and pencil in several locations about the house, for jotting down ideas, plans and things to do. That's good time management, too.

SALAD DAYS AHEAD—With spring here and summer near, home gardening for many comes into its own. To add color and interest to your menus, be sure you have a good supply of tender onions, radishes, lettuce, and other greens for vegetable salads.

Try this variety garden salad: One head lettuce; 2 cups whole cooked beets; 1/2 cup vinegar; 1 tablespoon brown sugar; 1 cup sliced celery; 1 onion; 1/2 cup sliced ripe olives; 1 cup cottage cheese.

To the liquid drained from the beets (fresh cooked or canned) add vinegar and sugar; simmer 10 minutes. Add beets and let stand several hours or overnight. Break greens in pieces, place in a large salad bowl with onion rings. Add celery, olives, other vegetables if you want them; French dressing; and salt to taste. Toss lightly. Place cottage cheese in center and arrange pickled beets on top of salad.

\* \* \*

TRY THIS radish cucumber mold—One package lime gelatin; 1 pint boiling water; 1 tablespoon vinegar; 1 teaspoon salt; 1 cup thinly sliced cucumbers; 1 cup sliced red radishes.

Dissolve gelatin in boiling water; add salt, vinegar, and allow to cool. Add cucumbers and radishes when mixture begins to jell. Put in large mold. When firm, unmold and serve on lettuce surrounded by stuffed tomatoes.
