

## MEWS FROM THE FRONT

Hello Jim:

I received my second edition of the "Hoover Rail" today. Gene (Spig) got his yesterday and I borrowed his last nite and read it but I have read the one I got through too. Sure did like the pictures on the front and hope you can have one everytime.

I have been in the hospital for 23 days, but am getting out tomorrow, I hope. I think I am going to have to start

my training over again but hope not. Thanks a lot for the paper and don't

ever forget me. So long. Pvt. Boyce Pritchard Camp Pickett, Va.

Dear Mr. Osborne:

This is to acknowledge receipt of the fourth copy of the "Hot off the Hoover Rail!; and I want to say I have really enjoyed receiving it and it has been a thrill reading it.

I suppose you do not remember me as I have been away from Lawndale so long now -only been back a few weekends, and I did not have long to stay and get around to

see all the boys and friends. I have been away since July 1940.

I can say that it is a nice paper for the boys who are out on the front, I have been stationed here, have not shipped out yet, have been in the Electric School at the U.S.Navy Yard, South Carolina. I am now first class and will get my rating next month. I am buying bonds and helping the Red Cross all I can, to help win this war, for I want to come back to Lawndale and run the yarr reels for Mr. Charles Forney again and tell about how this war has been with us boys, I feel that I have done a part in many ways. I may get a few days leave some time this spring, if I do, I will try and see you all in Laundale.

It gives me the feeling that you appreciate each and every one of your boys in the service. I think you are doing them a great favor by publishing this little paper. Again, I will say thanks for the edition and am looking forward to the next copy.

F/C E. Floyd Whehunt.

Dear Sir:

I received the "Hot off the Hoover Rail" and was more than glad to get it. I have already read it over twice and I think it is wonderful what you all are doing for the boys in service. Some of the boys have read it and sure did like it.

I expect to be moved before long, don't know where, but hope it is in good old North Carolina. There is no other state I like so well as North Carolina. I hope to be back there before long on a visit and get in some of the good old meetings up there. I am glad to say that I am still ready to meet God. I thank God and others of you for the things you are doing for the boys in Service. Thanks again for the paper and May God Bless You All.

Sgt. Boyd Hoyle.

Dear Editor of the Hoover Rail:

I have received my third copy of the "Hoover Rail." I certainly do thank you for sending it to me, as I really do enjoy reading it. I read it over several times.

Some of my friends have read it, and they say it is a fine paper and I think so toc. Again thanks a lot. I'll be looking forward for the next one. Harold Cobb.
