

SALUTE OF THE MONTH

We are proud, in this our First Anniversary number, to salute two "Old-Timers", Miss Maude Williams and Mr. Charley Southards—we call them "Old-Timers", because they have chalked up an enviable record of being on the job, EVERY DAY, over a long period of time. They are the kind of people, that America is proud to call Americans—they are the kind of people who do not believe in any such thing as "ABSENTEEISM". If everyone in the United States were as faithful to their jobs as these two, we could easily drop the word ABSENTEEISM from the dictionary—it would no longer be needed.

Think over your own record—and we believe you'll readily join Cleveland Mill and Power Company and the Hoover Rail Gang in a big bow to our two fellow-workers.
