

multitudinous humanity. His heart is wide to shelter all the races. He knows each one as a shepherd knows his sheep.

Boys, try to think of God in the same way you think of Jesus.

"Saviour like a shepherd lead us-
Much we need thy tender care;
In thy pleasant pastures feed us-
For our use thy folds prepare,
We are thine, do thou befriend us-
Be the guardian of our way;
Keep thy flock from sin defend us-
Seek us when we go astray."

"NEWS FROM THE FRONT"

Dear "Hoover Rail":

I would like to express my appreciation to the people responsible for publishing the "Hoover Rail". It has been a great help on keeping up with the news and life of Lawndale. It also renders an invaluable service by furnishing information on the whereabouts of the other fellows.

Here at Asbury Park there are many things that impress me, such as the hundred odd hotels accommodating a maximum of 150,000 tourists. In the summer time bathing beauties roam the beaches by the thousands. I don't understand why, but I have an inkling that Hubert Towery would like it here. Maybe it is because of the salty air.

Hello Jim:

Once again I wish to stress my appreciation to you and staff for the wonderful work you are doing to bring comfort to all of us in service, through the publishing of the splendid little paper, "The Hoover Rail", after we have finished reading each issue, seems as though we have had a conversation with some one from home in relation to what is happening. The Hoover Rail answers about all the questions in our minds, it also carries other things of interest. I always look forward to reading, "Sky Pilot Sermonette" by Rev. Durham Whisnant, it is very fitting.

My boy friend and I visited London again a few days ago. We see something new every time. The ruins of the city being the climax.

Well I am hoping the war is over soon, am looking forward to my first time home. Not having a chance to go home during my short army service in the States. I'll say again, thanks for the paper and good luck to each of you.

Dear Jim and Staff:

Just received my November copy of the "Hoover Rail". Certainly enjoyed every word that was in it. Especially the part that Mrs. Laxton Mauney wrote about the Lattimore family tree, and Tod Caldwell's letter.

Where is Capt. Falls? Never did get a chance to see him while I was up north. Ran into Boyd Dixon the other day. The first fellow from back home that I had seen since leaving the States two years ago. He showed me some of the Fallston Service papers he has been getting. I'm looking forward to the Dec. issue. Anxious to learn who Miss Lawndale is. Jim, I would appreciate it very much if you could send me the addresses of some of the boys that are over here.
