NEWS FLASH Via "The Grape - Vine"
By - John F. Eaker

Boys, I just found out the other day how you could know exactly when the war was coming to an end, and I feel sure you would like to know.

I saw Sam Jeffers, and he told me that he was in Shelby the other day, and just happened to hear an old colored man say that his wife, said John Schenck Jr.'s cook said, that she was up north and saw a man up there, that said he was down south and heard some people talking,

saying that they had seen a letter that was found in a garbage can in Shelby, and that they felt sure that if Gopfy Gink could see the letter, he and Sam Jeffers could 'figger' out the exact time when the war was coming to a close. So Gopfy Gink has the letter, and is going to see Sam, and when they get together that will be the "Big Two", and I feel sure they will get the exact time worked out. If any one would like to know the exact time, just write to either one of them.

Josie said that she thought I had done a great thing by giving this information. Hurry back boys, and we will have lots more fun - will be looking for you soon.

"Tojo" is troubled with the absentee problem, too. Every day a few more factories fail to show up for work.

We don't know about the sackcloth but "Japan" will certainly repent in ashes

To let a fool kiss you is stupid,
To let a kiss fool you is worse.
