

THE VILLAGE CHURCH

It is with a great deal of pleasure that the Hoover Rail Staff brings you the following letter and Sermonette written by Chaplain William F. Eaker. Captain Eaker, son of Mr. and Mrs. John Eaker, is now serving with the Army Air Corps as Chaplain of the 564th Air Service Group at San Antonio, Texas. We repeat, that it affords us great pleasure to have "Chaplain Bill" as our guest minister this month. We know all of you will enjoy his extremely interesting message.

564TH Air Service Group
Stinson Field
San Antonio, Texas

12 June 1945

Mr. George Hart;
Editorial Staff,
"Hot Off The Hoover Rail"
Lawndale, North Carolina

Dear Mr. Hart:

I am enclosing a short selection for the Hoover Rail which I hope may meet the very high standards already set up by you men and women who have been publishing the magazine these many months.

It has been my intention for some time to make a small contribution to this home-town paper which I am sure means a great deal to our men in uniform, especially to those over-seas. I felt, however, that my family there made it unnecessary since almost every copy I have received contains an article written by one or more of them.

The Rail has been a source of infinite enjoyment to me as I read about the experiences of those whose background has been the same as mine. It reflects credit on you who edit, and prepare these fine articles that so many expressions of appreciation come from people who have never seen our little village as well as those who grew up there.
