

- MYRTLE BEACH -

J. R. Brandon

During April we boarded 79 passengers. Now, most of you do that while eating lunch, but we at MYR feel as if we have accomplished something, compared to past months. If you have been noticing the passenger quota sheet you'll understand what I mean. (Watch June!)

At the present time we can reserve rooms, without a deposit if you desire us to do so. But, if your plans are changed notify us immediately for cancellation. The guest house will hold us responsible for payment if you NO-SHO. If you write us for reservations please give us arrival and date, length of stay, number in party, name of guest house or price you desire to pay, and we will confirm a reservation by return mail.

The "Carolina Queen", an 85 ft. yacht, sails daily effective June 1. If its fishin' you're wishin', this is it! Price \$5.00 per, you can rent a line or bring your own. A pamphlet will be sent shortly. It's really a good selling point. Every once in a while you hear of a sure thing. Believe you me, this is it. I went out one day last Summer and I've been eatin' fish ever since!
