

can have active space on the flights, do not book the return portion of a trip when the going portion is WL. That is, unless the passenger gives another specific arrival (such as protection on another flight other than the one that is WL)...School's out! - and forgive all this directive in a holiday message - but perhaps we can save all of us just a few headaches with it.... By the way of news in INTR - Mr. George WILLARD, Superintendent of Passenger Service, has gained a wife, and INTR has lost a member - Melba HUGHES and George were married December 2nd, and Melba has a new job with Eastern. Our best wishes to them both. To take Melba's place in INTR we now have Mrs. Pat MONTGOMERY. Pat's better half is one of the mainstays in INTF... Merry Christmas!
