

who were away for Mother's Day. Between Bunny Hops and Hokey Pokey, everyone had a real gone time. Wanna' learn to dance? Come on down and have Curly Rose to teach you the Hokey Pokey. He's got more wiggles than a rattlesnake. Thanks to George Bosworth and Reggie Powell for standing by to make it possible.

The three Mac's enjoyed a nice vacation in sunny Florida. Like fishing? Come on down - he can tell you about the yea long ones!

Go get 'em Saunders and Lover Boy Jenkins attended the Kentucky Derby. Between mint juleps and mint juleps, they did OK.

Good luck to John Comer in BLF and George Gilbert in MYR. Take good care of our boys.

Herb Lamm, new employee of 2-1/2 months, has purchased a new home.

Keith Fabrizio has a new boat. Anyone care for boating? Sorry, fellows, girls only aboard.

We would like to welcome two new boys to our gang: Eddie Jones, formerly of ORF, and Larry Giles, EAL, ROA.

By the time you read this, Mr. James K. Fabrizio will be enjoying himself with the St. Louie women. If you have never seen them, you're missing something!

The peanut gallery here on a Sunday afternoon is really something. All of the single fellows get a big kick out of it. The married fellows don't know what it is all about.

Our Miss Evelyn Canterbury is making sure she can get to travel on EAL pass. It's simple enough. There is an EAL Agent named Fitzhough she is tying up real soon. We will keep you posted on the time and place. If we can't find Evelyn, we have to call EAL.

D. K. MacPherson
Evelyn Canterbury

WESTBOUND

CHARLESTON - May 4 marked five years of service for Station Manager, Jack Kelley. He now proudly wears his five-year pin presented him by Mr. Davis. A fine fellow to work with, Jack is always eager to help all fellow employees. Before working for PAI, Jack attended Central Airline & Radio School in Kansas City. A great sportsman, Kelley is now vacationing with his favorite friend, the fishing rod, at any fishing spot he may see along the way. It's a care free vacation for Jack, so any of you may see him around your various cities - that is, if you have shade trees, soft banks - not to forget eager biting fish.

Don Garrett returned from his vacation, spending most of his time at home with his new daughter. He is getting a few hours in the air to begin work on his Commercial License.

Esten Davis has returned from a restful vacation and ready to handle "anything".

Life with PAI in Charleston is never dull. We are all working toward the same goal. It's certainly true to say, "We're one happy family."

Ruth

CHARLOTTE - New faces at CLT include Charles Morris and Kathryn Rugg. Mrs. Rugg comes to us from four years with TWA in CMH. Nice to have you come along with us, Kitty, we know you'll enjoy Piedmont.

We are all up in the air here with moving on our minds. The preliminary inspection has been made of our new million dollar terminal, and we will move in on the 14th of June for operation of 51/15 from the new side. We have had a lot to say about this new building in former news items, but you would simply have to know this building we've been in so long to really appreciate a new home. Piedmont has an excellent spot with all conveniences. Wish all of you could come down for the dedication to be announced later.

Roy Raines has accepted a transfer to

Myrtle Beach for the summer months. We already miss him, but sincerely hope he enjoys his stay there. At last, I know where I'll go on my vacation. We are taking the ice cream freezer - he's furnishing the rest.

I believe flight 2 is surprising a lot of people. I have no figures on the load factor, but the way it loads up here looks mighty good. It has done a lot to lighten the load on 52. From the very first day (boarded 14), the trip has seemed to hold up well, especially out of Charlotte. Flight 7 also is improving.

Congratulations to the Best's and the Bennett's. They have four new arrivals. They are really cute little fellows. They made their bow to this world last week. Now don't be hasty - they're Chinchillas.

Visiting with us today is Keith Bennett from SDF. Nice to see the fellows from the northwest... Piedmont area, that is.

J. C. Newell

CINCINNATI - Well, we lost in the last 3000 contest, but take a look at those boardings now, will you, and let's have another contest.

Bill Hobart was in CVG and invited us to have our pictures taken for a couple dozen pages in the Piedmonitor one of these days real soon. Boy, we're working at it.

Just returned from a real nice vacation visiting down in New Mexico. Sure saw a lot of nothing, just miles and miles of tumbleweed and sand. Can't say much for the scenery, too much of it.

Know what one arch support said to the other? Let's get out of here and leave this guy flat.

What TWA agent, tall, male, is so darn interested in one of PAI new Rez Agents? Kinda tough you working 4-12 - she's working 6-3, and your days off don't even correspond.

Jim Cunningham and Bob Hudson are leaving soon for a month's tour of Europe, probably returning to the scene of the crime.
