

C H A R L E S T O N - (Contd.)

reason.

Paul Kelley sports his "Vic"--it's silver blue

Sighing a sigh of glee, you see it's brand new

Jack Kelley's Buick brakes slipped, and a meter it did hit

The proud owner of a parking meter who gives the other coin collectors a fit Ann and Irene with stockings already hung with care

Have those real Christmas "spirits" we all share

Eddie and Carol, Mack & Sue, Bill and Tootsie this Christmas newly wed

Each to the alter this past year were led

Those jolley old fellows, Lee & Bob

Their eager laughter no one can rob Irwin Apple, also new in our family this year

Certainly adds to the Stations holiday cheer

Garrett and Burns so lively and quick

Fly in their flying machines more rapid than ole St. Nick

Fisher with twinkling eyes gives his cigar a light

Sweet little thing is off thru the holidays says he's been living right

Abshire, playing Santa to new son this year is loaded with goodies as the time draws near

Come New Years Eve Jack Berry will drum in the news

Best old drummer a body could choose Joe High--doing his new job this year in Sales

In getting new Piedmont friends he never fails

Bender and Settle--of course you all know Have helped our CHW family to grow

Christmas comes but once a year

This little poem is only a small way I can write to wish you cheer

It's the time of year to look the ole year over

Don't you think this past year we've lived in clover?

So with my hopes for you all for the "mostest and bestest" of the coming year

May we all work together, enjoy being near

Oh yes, Merry Christmas to you all The most joyful one you can recall.

F A Y E T T E V I L L E -

Dot Davis

With Christmas drawing near, the FAY agents are getting rather excited about our coming station party. The party is planned for December 10, to be held at the local Bel-Air Resturant. We are all looking forward to a very nice time.

Bruce and Virginia Parrish from SDF were down for a short visit this month. We were very happy to have them come by as we always like to see our ole' friends come in and know they haven't forgotten the old FAY gang.

FAY is getting ready for the big rush that will probably start taking place around the 17th of December. All the boys from "Operation Sagebrush" will be returning from down Louisiana way - then the fun will begin--all of them will be going home for Christmas and we are expecting quite a rush - but we do like to see them come and begin their trip on Piedmont - so look out, connecting stations, we will be sending the traffic your way, too.

Continuing our introduction of the FAY agent; This issue we will begin with Frank Beasley, who has been with the Company about 3-1/2 years. Frank is originally from Southern Pines, but now makes his home in FAY, in a very beautiful house he has just purchased this year on Senaca Drive. Frank and his wife, Leatrice, have two very pretty little daughters, Susan and Nancy. Frank is a very sincere person, well liked by all ther personnel and is the one that can always "tell you the story." Frank has been in FAY his entire tour with Piedmont.

Dwayne Jones has been with Piedmont in FAY for 3 years. He and his wife, Ada, reside at Hope Mills, N. C. Dwayne is a very likeable person and can talk airplanes and football any time - he never seems to tire of any talk concerning airlines. We sincerely think Dwayne would make a good traffic man, because if he can't sell a person on the idea of flying, no one can. Dwayne has been stationed in FAY his entire tour with Piedmont.

Larry Cook is a local boy - has been with Piedmont in FAY for about 2-1/2 years. Larry and his wife, Bobbie, live on Fountain Head Lane in FAY. Larry is a very

nice person and loads of fun - there is never a dull moment when Cook is around. However, when there is work to be done, Larry is always in there doing his share- and doing it well.

Waylon Johnson comes to PAI from Four Oaks, N. C. Waylon and his new bride, Shirley, reside on Circle Court in FAY. Waylon is a very conscientious person - well liked by everyone. Waylon takes his job very seriously and always does a good job. We thought for awhile Waylon would not take that blissful step into matrimony, but with a very sweet person like Shirley we can well see why Waylon would not let her get away.

The FAY gang wishes you all the Merriest Christmas ever.

With winter here the news is cold from this spot on the PAI system. We were honored with a visit from Mr. Hager, Mc Gee and Bennett last month, and understand they will "Blitz" the place this month.

Almost made quota last month, maybe when we get the "H Marker" installed we can make it sometime.

Offline, we had visitors from EAL/CLT Traffic Dept., Mr. Sam Walker and his boss "Hank" McConnell.
