

PIEDMONT PRESS NOTES

FAYETTEVILLE—Betty Ward Walters, a Reservations Agent who recently took time out to wait on the stork, became the mother October 10 of a seven pound, eight ounce baby boy. **Bob Bennington** says the FAY bowling team is shaping up, and though they still don't talk about averages yet, they're not in the cellar either. **Robert Nunnery** and his wife recently vacationed in Florida with relatives. Visitors of late include **W. G. McGee** and **Sherl Folger**, there to attend the JAMTO meeting.

CHARLOTTE—A hearty welcome is extended to **Bob Rice** from the CLT staff. Bob was formerly with the Carolina Motor Club in that city. **Madge Lanier** says it's really true—**Dwight Miller** has surrendered his bachelorhood and joined the ranks of married men. The former Sandra Campbell is the lucky girl. The Charlotte CTO is temporarily located on the sixth floor of the Wachovia Bank Bldg., with plans for a move around November 1 to permanent quarters at 201 S. Tryon St. Bldg. The North Carolina International Trade Fair, first in the nation, opened October 12-21 with over 3,000 foreign buyers in attendance. **Madge Lanier** visited Roanoke, Washington, and Winston-Salem on her recent vacation.

CINCINNATI—Correspondent **Jane Griffith** writes, "Wedding bells will be ringing for **Chris Julien** October 21 when she marries **John Berry** of Cincinnati. **Debbie Petrey** spent a weekend at West Point recently visiting a certain cadet convalescing in the hospital. **Janet Tuemler** was a visitor at Columbus. **Ed Wisnieski** and **Ed Laskowski** spent their vacations in Mt. Pleasant, Pa., and attended the World Series in CVG.

ROCKY MOUNT—Staffers there have moved into a new building and, reports **Frank Slone**, find it a big improvement over the old one. Like everyone else they're anxiously awaiting the announcement of the Piedmont Area Case and the new business it will mean for Piedmont. "We regret the loss of **Rick Talley** to RDU," **Frank** writes, "but we know he will continue to do a good job for the company." Recent visitors to RMT include **Will Blackmon**, **Don Britt**, **Ken Ross**, and **Jim Humphreys**.

WINSTON-SALEM—The final standings in the latest Piedmont bowling round show partners **T. L. Martin** and **Nettie Coe** on top with a score of 4,294 for the series. For the men, **L. J. Lambert's** 219 won high game, with **C. W. Gough** getting the high average with 189. In the women's scores **Jackie Abee** won high game honors with a score of 201, and **Nancy Hartgrove** topped the game average list with 142. The Accounting Department has a new Certified Public Accountant in its ranks with the award of the C.P.A. Certificate to **Roy M. Rawls** at a recent meeting of the N. C. Association of Certified Public Accountants.

COLUMBUS—This news comes from reporter **Shirley Sword**: "**Ray Campbell** and wife **Betty** are vacationing in Betty's hometown of Bluefield. With the baseball season now over you will find most CMH Agents at the Ohio State Stadium on Saturdays. As you all know we have the distinction of being the 'Football Capitol of the World.' **Joanne Short** and **Jan Young** have just returned from their fabulous trip around the world and have many tales to tell. Yours truly had a very enjoyable time at the fourth game of the World Series even though very sad over CVG losing."

PARKERSBURG-MARIETTA—A busy club member these days is Station Manager **Don Shanks**, who recently gave a speech at the local Toastmasters Club, and served as September Program Chairman for the Rotary Club. **Virg Flinn** sends condolences to all Cincinnati fans. The Army apparently thought **Gary Schuman** did a good job, says **Virg**, because they've asked Gary to return for another year. He'll be stationed at Walter Reed Hospital, DCA. **Capt. Bill Taylor** was a recent visitor to PKB.

CINCINNATI—The Army has also visited CVG lately, calling new employee **Stanley Gartner** back to its ranks for a year, effective October 15. **Roger Morelock** welcomes new staffers **Ann O'Hara** and **Ron Kelly**. Personnel there have been spending time at other cities recently. **Mechanics Jim Michaels**, **Joe Archer**, **Richard Dudley**, **Mike Ross**, and **Bob Caudill** have been attending training classes at INT. **Barry Hurley** is vacationing in Williamston, W. Va. In attendance at the World Series were **Ed Laskowski**, **Sherl Brown**, **Bob Steppe**, and **Hank Eisenbath**.

KNOXVILLE—The bowling season has arrived and the TYS team is tied for third place in the Airport League. **Carl Simpson** has been named president of the league. **Carolyn Pearson** spent her vacation in Tennessee, and **Betty Marcum** journeyed to Texas. **Carl Simpson** greets new employee **J. T. Lane**. **Al Duckett** and **Harold Giles** have been attending a fire training course at the nearby air base.

WASHINGTON—Reports **Farrell Lee**: "Washington has some top men working in operations, or at least Uncle Sam thinks so. **Austin Morrison** reported to the U. S. Army October 12, while **Bob Sudderth**, better known as 'Suds' will be reporting on October 24. Lead Reservations Agent **Howard Crites** and wife were hosts for a farewell party for the **Al Shulleys**. Al left his duties as Chief Agent here in DCA to accept a position at INT as Assistant Director—Tariffs and Schedules. A very nice party was enjoyed by the large number attending. **C. H. Widner** has been promoted to Lead Agent in Operations and **Tom Cleghon** has been promoted to Control Agent.

"New car buyers beware—or well, maybe it doesn't happen to everybody. But for **Jerry Young**, it brought the wedding bells, then the march, and now he's had it. Jerry was married to **Janet Kennedy** on October 3rd. They will be living in Alexandria, Va., and we wish them both the best.

"Before the time you're filled with joy, / But still can't tell if girl or boy'. These may have been the thoughts of our Passenger Service Agent **Jack Gallaher**. On September 25 Jack became the proud father of a seven pound, three ounce baby girl. **Debra Ann** and mother are fine, says Jack, and it's a little harder to slip out fishing than it used to be. **Jim Connor**, one of our comedians at DCA, but who's real job is Purser, is also passing out cigars. **Jim** and wife were presented with a six pound, five ounce baby boy.

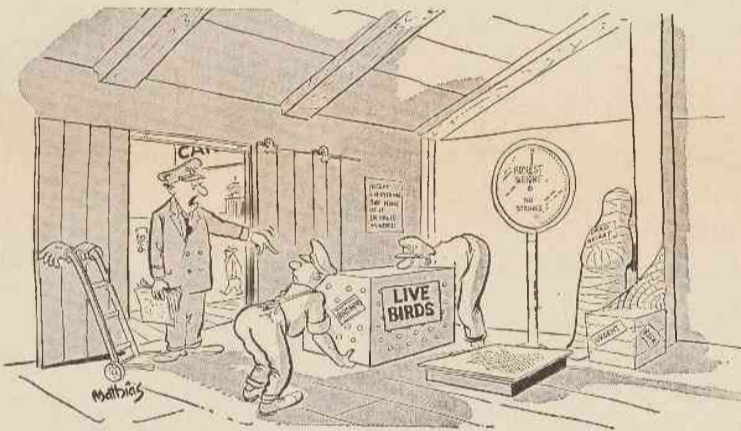

The name—**Fred Palmer Connor III**. Congratulations!"

CHARLESTON—Congratulations are being offered to **John Comer** who was recently promoted to Lead Agent. **Charlotte Fuda** reports on the formation an Airport Safety Committee made up of airline personnel whose function it is to operate emergency equipment during an on-the-field emergency. **Bill Hanson** is Piedmont's representative. **R. E. Turbiville** was a recent visitor to CRW.

TRI-CITY—Correspondent **Milt Ward** sends this colorful account of some travelin' TRI staffers: "Who should win the Lufthansa Sweepstakes but Agent **Glenn Shanks**. Glenn and his wife, **Gladys**, left New York September 20 on Lufthansa's Boeing 707 bound for Cologne, where they went on a sightseeing tour of the city. Then they boarded a steamer for a cruise up the Rhine which ended in Roedeseheim near Frankfurt. Here they attended a terrific interline party compliments of Lufthansa. Then back on the 707 bound for Munich—just in time for the internationally famous Oktoberfest. They were given box seats for the colorful Oktoberfest parade in which each village in the area was represented in native costume. Lunch in the famous Rathskeller in the old town hall. Later, dinner at the Platzl featuring the best in Bavarian entertainment. Next morning a tour of the Alps and the old castle Neuschwanstein. Then back on board the 707 bound for the Alps of Tri-City.

"TRI Agent **Bill Hamilton** was selected to represent Piedmont on the Interline Caribbean Tour sponsored by BOAC. A brief outline of the tour included: BOAC to Bermuda where he was lavishly entertained with cocktail parties, dinners, and sightseeing tours. To Barbados where he visited **Sam Lord's** castle and later the Royal Caribbean Hotel for dinner. To Kingston, Jamaica, and entertainment at the Ocho Rios Sea and Country Club. The next day, sightseeing in Kingston, lunch at the Royal Caribbean, and dinner at the Casa Montego Hotel. Then on to Nassau and the famous Nassau Beach Hotel. From Nassau to Governor's Harbor, Eleuthera, via Bahama Airways, and overnight at the French Leave Hotel. Next day back to Nassau and the Montagu Beach Hotel to wind up the gala event with a poolside barbecue, calypso music, and the limbo contest at Nassau. He certainly won the contest at TRI for having the latest arrival—**Laura Jane Hamilton**, born September 10.

"The girls at TRI did a little traveling too — they took in the Tennessee-Mississippi Homecoming game Saturday, October 7 in Knoxville. Not much traveling but a barrel of fun."

"Don't weigh that until every single solitary one of those damn canaries stops flying around in there!"

RICHMOND—Reporter **W. J. O'Bryan** extends a "Welcome aboard" to new Agent **Bob Bullock**, a RIC native and recent Weaver Airline School graduate. "**Bob Query** has taken up the pioneer spirit of our Manager, **Mr. Rose**," writes O'Bryan, "and has recently purchased a home in the country. He is presently in the process of restoring and modernizing it. It is a liberal education to hear these two discuss the related problems of their projects: pooped-out pumps, finicky furnaces, sluggish septic tanks, and, in general, the care and feeding of a burgeoning country estate. Messers. **Rose** and **Query** are affectionately known as **Squire Rose** and **Squire Query**, and we anticipate each new development in their projects. This is usually recognized by a knit brow, at the inception, followed by sore back, bruises, mashed fingers, indicating that the plan is in a state of development, and a warm, satisfied smile, indicating completion. When **finis** is written to the last project planned these two fellows will both be proud owners of beautiful country homes. However, we are concerned as to why **Mr. Rose** doesn't tear down the old slave quarters on his property. Why does he eye some of our Agents in such a peculiar manner? Would he be planning to . . . ? Naw! He wouldn't dare! Would he?"

"By publication time we will have lost another bachelor from our ranks. Agent **Gene Jarvis** will be wed to the former **Jane E. Langhorst** of Chicago. We wish them much happiness and a long life. It is believed that RIC holds the system record for a piece of misrouted co-mail. Recently, while checking our supplies prior to requisition, a co-mail envelope was discovered containing an expense check. The check was payable to **Mr. Rose** and dated April, 1954. **Mr. Rose** said he had never missed it. A classic illustration of our Manager's devotion to duty and disregard for the material. Either that, or he really does have a sock full of loot, as I have told him I suspect, and just didn't miss it."

SHENANDOAH—The bowling team there is still in the cellar, but they're all beginners, says **Bill Pearman**, and that's to be expected. **Doelph Pitcock** held top honors in the league with more spares than any other player for two weeks running, and **Guy Rawley** bowled 203 for the highest score by any Piedmont player thus far. **Jim Dallas** was host to his father and family visiting from Huntington recently. **Doelph Pitcock** and his wife **Marion** toured Maryland on their vacation. Visitors there the past month include **Helen Snipe** of Northwest Airlines; **Bill Taylor** and **Ed Best**.

Congrats

15 YEARS SERVICE

Ben Johnson, Foreman-Coordinator, Sheet Metal Shop, INT-M, October 6
Harold F. Dobbins, Capt., ILM, October 14
