Business in April was mighty good, and you all are to be congratulated for the fine job you did and are still doing! The ontime operation was exceptionally good which, in turn, is one of the keys to carrying more passengers.

We are ending up the season in bowling, and I was a member of one of the PAI teams known as the "Pencil Pushers." Well, I'm not a very good bowler, but I just happened to be in FLO with Pete Jones some time ago, and he got to bragging about what a good game he could roll. He has a 160 average — me, only 131. The point is, we went out after dinner that night and I beat him four games!! It was a bitter pill for Mr. Jones to take, but like I told him, he'll grow up someday and be able to play with the big boys. (Just for the record — how 'bout the girls, Mr. J. Turby? Understand your secretary won the last four games out

Had a most enjoyable time last night in CRW at their incentive dinner. This was a double-barreled occasion, as it was also the 15th anniversary of PAI operations into CRW. Special guests were Mr. and Mrs. Charlie Hodges. Mr. Hodges is "Mr. Aviation" of Charleston, West Virginia.

Am writing this from ORF this time as the deadline of this

article caught me away from home.

Tomorrow night, I'm looking forward to dining with Doug Guin and his PHF gang for their outstanding contribution to our

Free Enterprise-A Way of Life

What is "Free Enterprise?" tics or wealth or class. It is a you wish. way of living in which you as an individual are important. Little things make up this way of lose if you ever surrendered it:

Free Enterprise is the right to open a gas station or grocery store or buy a farm, if you want to be your own boss, or change your job if you don't like the man you work for

Free Enterprise is the right to you! lock your door at night.

Free Enterprise is the right to

Free Enterprise is the right what you prefer.

Free Enterprise is looking on a policeman as someone to protect you, on a judge as a friend to help you.

Free Enterprise is the right It has nothing to do with polid to speak freely about anything

Free Enterprise has nothing to do with how much money you have or don't have, nor what living, but think what you would your job is or is not. Free Enterprise means the right to be yourself instead of some nameless number in a horde bossed J. by a few despots. Free Enterprise is the sum of many little Su things . . . but how miserable vou'd be if someone stole it from

May 2 was the last day he put on an airline uniform and started the painstaking routine of safely transporting passengers from one point to another. Now it's a "little hunting, a little fishing, and maybe a little flying' for him and his attractive wife, Louise.
