Everything is "GO" for Hilton International in the Caribbean. "GO" means **Guest Option**, a plan especially designed for airline employees at \$25 per person, double occupancy, for 3 days and 2 nights. The Guest Option plan is a uniform price package at eight Caribbean Hiltons — Barbados, Curacao, Dorado (Puerto Rico), Jamaica (Ocho Rios), Martinique, Mayaguez (Puerto Rico), Trinidad and the Virgin Isle Hilton in St. Thomas. The GO plan is available from April 18 through December 14 at the hotels (except the Dorado Hilton, where it is in effect until October 24, and the Caribe Hilton, until December 8). Besides the feature of the one price, there's a unique GO "fund," which is a credit that you can use in your hotel as you want and when you choose. Here's how it works: You start with the GO plan, offered in a 3-day, 2-night package at \$25 per person, double occupancy). Each amount brings with it a GO fund credit of \$15 per person. When you arrive at the hotel, you pay the full package price. You are immediately credited with a \$15 GO fund, which you may use as you like. On food, drinks, laundry and valet; for water sports, beauty salon, health club, and other services and facilities. Anytime in the three days. Exactly which added services and facilities will vary by the hotel, but the GO fund is the same \$15. To make a reservation, just call the nearest Hilton Reservation Service office.

Airfare Is New Interliner's Magazine

Airfare — It's fun, it's new, it's informative, and it's a real moneysaver for Piedmont employees. Published monthly, **Airfare** is a colorful 80-page travel-planner magazine that comprehensively describes the interline discounts offered by airlines throughout the world. Hotel, restaurant and land tour packages are also explained with authority and in detail.

A 12-issue subscription rate of \$6 per year is offered to Piedmont employees; this is a \$4 savings over the regular \$10 subscription rate.

"Each monthly issue of **Airfare** is filled with enough bargain tips to offset the cost of a full year's subscription," states **Airfare** Publisher Jeff Butler.

"**Airfare** has put an end to the bulletin board search for up-to-the-minute interline discount information. Now, airline employees can receive 80-pages of pertinent material each month — mailed directly to their homes," continues Butler.

Three Features

Each month **Airfare** features two foreign and one domestic destination for interline travel. In the last three issues points featured include Hawaii, Norway, Las Vegas, Australia, European Ski Resorts, Chicago, South America, Amsterdam, California's Disneyland area.

The April issue will feature Greece, Miami and Singapore while May will cover The Caribbean, Montreal and Munich. In addition to the certified discount information, **Airfare** offers entertaining and informative articles, cartoons, and feature stories (Art Buchwald and Judith Crist are regulars).

A Library

"I attribute our early subscription response to the fact that **Airfare** is saved by the reader each month in order to build an interline travel library for home use," says Interline Manager Virginia Strahan. "By saving each month's 80-page magazine, the subscriber has a 960-page library at the end of the year which is filled with interline travel information. All this for \$6," she adds.
