George Hendrix, director-line maintenance, outside stations, INT, spent several weeks at a hospital in Houston this winter. During his stay, doctors were forced to amputate one of his legs.

"The cards and letters employees sent to me meant so very much," Hendrix, a 37-year veteran with Piedmont, said.

"I think I received a note from employees at every station on the system, and I would just like to thank these friends for thinking of me while I was hospitalized."

Hendrix recently returned to work. You can reach him at A235 or extension 389.

Joe Culler, president of GAG, INT, has been elected to a three-year term as a director of NATA, the National Air Transportation Association.

Audree Long, vice president, controller, and assistant secretary, INT, has been named to a four-year term on the Meredith College Board of Associates.

Bud Halsey, director-cargo sales, INT, has been elected vice-chairman of the Postal Committee which is under the newly formed Air Cargo Council of the Air Transport Association.

Don Shanks, vice president-customer relations, INT, has been elected for a third term as chairman of the Passenger Committee of the Air Traffic Conference. The committee helps set industry-wide standards of passenger service in areas ranging from automated ticketing to reservation procedures and baggage processing.

Patty Walker, analyst, Corporate Planning, INT, has been chosen Young Career Woman by the Winston-Salem Business and Professional Women's Club.

"It was a tremendous Christian experience," Jack Miner, a 727 captain based in Winston-Salem, said. "It's something I've wanted to do for years."

Miner, along with five other men from Winston-Salem, recently spent two weeks on the Ile A Bache in Haiti building a church for the island's 2,000 inhabitants. The project, sanctioned by the Methodist Church, is being financed by money left in a will. In addition to the church, funds have been allocated for education and health care for residents of the four-square-mile island.

"It is a very different culture," Miner said. "There is no plumbing or electricity on the island, and the average income is only \$70 a year."

In construction before joining Piedmont in 1957, Miner worked with the other men to lay the block, build the trusses, and put on the roof of the 24 by 60 foot structure. Local residents are now completing work on the building which will be dedicated in early summer.

"I plan to go back for the dedication," Miner said. "After that, I want to be part of another similar project, this time in the Haitian town of Cayes."

The annual meeting of the shareholders of Piedmont Aviation, Inc., will be held in Winston-Salem at the T.H. Davis Training Center on Wednesday, May 2, at 10 a.m.

Save A Buck! What does Piedmont have in common with Winn Dixie, Eckerd Drugs, Hardee's, Sears and One-Hour Martinizing?

This spring we're taking part in a special sales promotion with these companies in the North Carolina-South Carolina area. People who shop at Winn Dixie receive a special coupon called a Sav-A-Chek which can be used at Piedmont or any of the participating stores for a discount.

Rick Knighton (foreground).

manager of Winn Dixie's store at Carmel Commons Shopping Center in Charlotte, holds a Sav-A-Chek displaying our route system. With him are (l to r): Bill Crowe, Piedmont account manager, CLT; Frank Sarakaitis, Piedmont sales representative, CLT; Bill Clary, Charlotte areas supervisor for Winn Dixie; and Robert Glover, Piedmont district sales manager for CLT.
