Dale Wagner, duty mgr-CLT	Robert Pinado, mgr admn-TPA
David Whitmire, mgr psgr svc-DAY	

## Around the Group

### Reece appointed

John Reece, formerly manager-payroll for Piedmont in Winston-Salem, has been appointed director-payroll in the USAir payroll department, effective February 10. In his new position, Reece will be responsible for the overall payroll functions of USAir and Piedmont, at USAir's general offices in Arlington, Va. He joined the company in 1969 in general accounting and has served in various payroll positions including supervisor and manager of payroll. Reece is originally from Elkin, NC, and received a degree in business administration from the University of North Carolina at Charlotte.

### McGregor elected

Donald H. McGregor, Piedmont B727 captain-CLT, has been elected an executive vice president of the Air Line Pilots Association (ALPA). In the post, McGregor will serve a two-year term on ALPA's executive committee as one of five executive vice presidents. A native of Baltimore, McGregor has been active in ALPA for several years. He served three terms as chairman of the Piedmont Airlines pilot unit within ALPA and as a member of the group's negotiating committee. He was also the vice chairman and secretary/treasurer of his local pilot council. McGregor joined Piedmont in 1969.

### Piedmont Commuter adds service

New nonstop service between Elmira/Corning and Newark will be inaugurated March 2 by Brockway Airlines, a Piedmont commuter, with three daily roundtrips. Brockway will also add four daily roundtrips between Ithaca and Newark on the same date. At the same time, Brockway will add nonstop commuter flights in the Elmira-Syracuse and Ithaca-Syracuse markets, replacing three roundtrips currently operated by Piedmont Airlines in each market with jet aircraft.

### Ski Club

Close to 150 members of the USAir Ski Club recently attended a race clinic at Copper Mountain, Colo., to prepare for the North American Airline Ski Federation (NAASF) race season. The USAir Ski Club, well into its fourth season, includes novice and expert skiers alike, thus the clinic was tailored to suit all levels of downhill ability. USAir Ski Coordinator Tim Kottyan, flight attendant, says there is plenty of time left in this season for employees of USAir and Piedmont to participate in this season's activities. NAASF ski weeks for the remainder of the season include: March 19-24 at Sun Valley, Idaho, and April 9-14 at Whistler, British Columbia. Employees may join the Ski Club by sending \$15 to USAir Ski Club, P.O. Box 12436, Pittsburgh, Pa., 15231.
