

August 9, 1948

- VI. We are required by the Air Traffic Conference to submit a Monthly On-Hand Checked and Unchecked Baggage Inventory; therefore, it is necessary for each station to make a report on the last day of each month of baggage on hand-- either checked or unchecked. (This actually means lost baggage.) When making this report, give all information available; such as, the description of the bag, any marks of identification, contents, etc.
- VII. All of you are to be congratulated on the very fine job you did during July, and I know that you will be interested in the percentage of increase in passengers boarded in July over June.

DAN	↑100%	AVL	↑ 68%	ORF	↑ 31%	RIC	↑ 14%
