The Rocky Mount Tobacco Board of Trade

State Meeting Junior Order

The State meeting of the Junior Order of United American Mechanics, which has just closed was one of the its most successful meetings. Rocky Mount was well represented at this meeting, the following people having been among those in attendance: O. J. Nye, John Weaver, Jack Winstead, district deputy, Dr. Cicero Denton, W. E. Moore, Rev. Mr. Satterfield, Mr. Hollingsworth, Mr. and Mrs. Stokes and Mr. High, from the training school, and R. T. Fountain. These gentlemen report that the meeting was one of the best that the state has had. Monroe Adams was elected State Councillor, E. L. Gavin, of Sanford, Vice-Councillor, L. T. Perry, of Windsor, Warden, Edgar O. Johnson, of High Point, Conductor, Moses N. Goodwyn, of Durham, Inside Sentinel, W. E. Montgomery, of Durham, outside sentinel, Rev. J. A. Satterfield, of Rocky Mount, Chaplain.

Wilmington, Aug. 20.—With preliminary details attended to by officials in an executive session last night, the 45th annual convention of the North Carolina council of the Junior Order of United American Mechanics got into full swing here today.

The first business session was set (Please turn to page five)

Mrs. Setzer Is Hurt In Wreck

Car And Bus Come Together Here In Morning

Mrs. J. C. Setzer, 34, No. 416 South Grace street, today had a bump on her head and a slightly lacerated left leg as the result of a side-on crash between an automobile she was driving and a north-bound Norfolk bus operated here by V. G. Bushey, Norfolk, Va., here yesterday.

Mrs. Setzer, according to accounts of the accident, was driving east on Nash street about 10:15 Sunday morning, and the bus was going north on Church street when the crash occurred. One witness, who asked that his name not be used, said Mrs. Setzer drove through a red light.

Following the accident Mrs. Setzer, who was alone in the car, was taken to a local hospital where she was examined and treated and released shortly afterward.

The machine in which she was riding was damaged considerably.

GLASS EYE EXPLODES

Okmulgee, Okla.—C. C. McCormick was painfully injured when his glass eye exploded as he slept, but is recovering after an operation. Heat is blamed for the accident.

Negro Charged With Assault

J. B. Carr, local Negro charged with assault on Charlie Bradshaw, also a Rocky Mount Negro, is in a hospital with a fractured skull, today was resting behind bars at the local jail following a two day police search which ended yesterday morning in Sharpsburg.

Carr allegedly hit Bradshaw on his head with a brick Thursday night on Gay street at the section called "The Level" and ran away afterwards. Police found him early yesterday morning in the Sharpsburg section.

Bradshaw, taken to the hospital there, was found to have a fractured skull and was operated on. Today the hospital physician reported he is "getting along pretty well" and will likely recover unless "infection sets in."

Assault with a deadly weapon with intent to kill and causing serious bodily injury was the charge against Carr.

SLEEPS IN STREET

Oakland, Calif.—Evicted from her home, Mrs. Marie Savage's furniture was piled in the street. The 55-year old woman refused to move and spent the night in her bed. Police hung a red lantern on the bed post and guarded her during the night.

Tobacco Market Opens Monday

The stage is set for the opening of Rocky Mount's Tobacco Markets on Monday morning, August 26. The day is looked upon as our most important day to farmers as the growing of tobacco has come to be Nash and Edgcombe's most important money producing crop.

Rocky Mount has been looked upon since the beginning of the raising of tobacco in the eastern part of the state as a real tobacco town. Warehouses were first to be opened here in the east and from the date of the opening of the first warehouse, Rocky Mount Tobacco Markets have grown more and more each year. The growth has been steady, systematic and annual.

On account of demands for more warehouse space which was needed last season, two large new warehouses have been added and two additions to old warehouses, which gives Rocky Mount more than one fourth more space to sell the farmer's tobacco than last year and there is sufficient space now in Rocky Mount to handle great expected sales without being blocked.

The season's highest prices have always been maintained in Rocky Mount.

FAIR BAR EXAMINATIONS

The Bar Committee recently held one of their semi-annual examinations. The questions asked appeared to be questions to be asked of an old practitioner rather than questions to be asked a beginner.

The law schools have here before in their instructions, stressed the history of the law and its development and have taught from law text books dealing with the back-

Local Men Attend Meet

Attend Junior Order Convention in Wilmington Which Gets Underway Today

Rocky Mount council of the Junior Order of United American Mechanics had at least three representatives at the forty-fifth meeting of the North Carolina council of the J. O. U. A. M., which started today. District Deputy Jake Winstead, of this city, accompanied the local group.

From the local council Rev. James A. Satterfield, W. E. Moore, and John Weaver went as delegates.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows: Junior referee manager, \$1,620 a year, Bureau of Biological Survey, Department of Agriculture.

Agricultural economists, various grades, \$2,000 to \$5,000 a year, Bureau of Agricultural Economics, Department of Agriculture.

Full information may be obtained from A. D. Cuthree, Secretary of the U. S. Civil Service Board of Examiners, at the post office or custom-house in this city.

Tobacconist Is In Wreck Here

Cecil Batts Sustains Fractured Rib After Accident

Cecil Batts, local tobacconist, today had a fractured rib to remind him of his "crackup" Saturday night on Hammond street extension as he was returning from Georgia tobacco market.

Mr. Batts, whose home is near Sharpsburg, was rounding a curve near the city limits Saturday night early and his car took to the ditch, partly overturned, shattered some glass in his window, bent the car fender, and righted itself, according to an eyewitness. A local physician, who examined him this morning, reported his rib was fractured.

He was alone when the accident occurred, it was understood, and was coming back from the Georgia market. He was not taken to any local hospital.

DOCTORS VIA PLANES

Moscow.—In order that medical aid can be dispatched to people in isolated settlements the Soviet Government plans to train a number of physicians in parachute jumping. Many localities on the north coast have practically no means of communication for the greater part of the year except by air.
