

Whitaker Pleads Miller Freed In Dr. McDonald To Address Club For Use Toxoid Investigation

Dr. Ralph McDonald, candidate for Dr. Kalph McDonaid, candidate for Governor, addressed the Current Top-ies Club of Rocky Mount in the Y. M. C. At on last Monday night. The meeting was attended by full mem-bership and with a large number of extra invited guests. His topic being "Current Political Events." Much of his speech was donated to taxation.

Avenue. And of his speech was donated to taxation. After his address he met a group of friends in the Recorders Court room. He spent the next day visit-ing many points in Nash and Edge-combe counties in the interest of his candidacy.

MRS. JEFFRYS DIES IN LOCAL HOSPITAL

Widow Of W. E. Jeffreys Succumbs In Pinehurst—Funeral Here

terment will follow at Pineview cem-pters. Mrs. Jeffreys lived in Oxford be-fore her husband, the late W. E. Jeffreys, succumbed. There church affiliation was Metho-dist, and she had her membership here at the First church. She leaves her children, Margaret had Evelyne, both of whom lived here with R. T. Jeffreys; one broth-er with R. T. Jeffreys; one broth-er sisters, Mrs. Horace Harda-way, of Durham; Mrs. R. B. Camp-bell, of Taylorsville; and Mrs. Jesse ongdon, of Three Rivers, Michigan.

A. O. DICKENS

Wilson, Nov. 24.—A. O. Dickens, prominent attorney of Wilson, today amounced his candidacy for the pemocratic nomination to Congress in the Second District in the 1936 primary. He seeks the seat now held by Congressman John H. Kerr, who defeated the Wilson attorney by a majority of about 3,000 in the 1934 primary. Mr. Dickens carried Greene, Wilson and Halifax coun-ties by a substantial mapority in each county. The Wilson attorney said today he would issue a formal statement as to his platform in the near future.

to his platform in the near future. Mr. Dickens was born and reared on a farm in Halifax County, where on a farm in Halifax County, where he was educated in the public schools. He received his law degree at Wake Forest College. During th World War he served in France with the 30th Division, was cited by General John J. Perishing for distinguished military service and was promoted to a captaincy. He has been an ac-tive member and officer of the Amer-ican Legion. ican Legion

REYNOLDS COMPANY SEEKS REFUND

The question of whether a taxpayer may sue the collector of inter-nal revenue for refund of an ex-port tax before he applies to the ammissioner of internal revenue at Washington for such refund was laid before the U. S. Circuit court of appeals at Baltimore Thursday. aid before the U. S. Circuit court of appeals at Baltimore Thursday. The case involves a carload of garettes shipped by the R. J. teynolds Tobacco Co., to Norfolk, a., for shipment abroad. On the ay to Norfolk the eigarettes were

ly jealous, and some time ago there was a rovot in the harem. The less The government demanded pay-ment of more than \$6,000 tax on the tobacco, because it never had been exported. The company contended that no tax was due, since the eigar-sttes had been designed for export and sought an injunction in United States district court of Greenwhere favored wives went on strike. They only capitulated when the king threatened to have them sent back to their parents, the greatest dis-grace a Mohammedan husband can put on a wife. ut on a wife. But if the king has little thought for any but his Damascus beauty, he has much thought for would-be Don Juans. He has doubled the guard, who have orders to shoot without challenge persons found in-side the outer defenses.

Tarboro, Nov. 26.—J. R. Miller, assistant forester of district five, was acquitted of blame for having struck and injured a 12 year old Negro boy, James Pittman, Jr., Sat-urday near Leggett. The boy ran into the side of the truck driven by Mr. Miller and he had both legs broken and lacerations about his face, hands and head It was said Dr. Allen Whitaker, health depart-Dr. Allen Whitaker, health depart-ment superintendent, today issued a plea to the people of this city, asking that they realize fully the improtance of the diphtheria toxoid. Dr. Whitaker, who has served in the capacity of health officer for about a month and a half, said, "The importance of the diphtheria toxiod. can't be over emphasized." He went on to remark that only one dose is given, and that the reaction to the dose is generally rather small.

does is generally rather small. Advising the people who have not had the toxoid to see their family doctors, Dr. Whitaker indicated that when a child gets the disease, "some-one is to blame."

Captain Hill Dies

At Virginia City

Former Conductor Lived Here Once —Rites Were Held Wednesday At LaGrange

EXAMINE TEETH OF COLORED CHILDREN Tarboro, Nov. 26 .- Dr. Robert M

Mrs. W. E. Jeffreys, 42, well-known former local resident, died fuesday morning in Pinehurst at a hospital following an illness which began in January of this year, friends learned here. Mrs. Jeffreys, who lived here sev-ral years, numbered many friends in this city. The funeral services will be con-ducted Friday afternoon at three belack from the R. T. Jeffreys resi-dence, No. 822 Hill Street, and in-terment will follow at Pineview cem-ptery.

At LaGrange Robert Hill, 60, former Atlantie Coast Line Railroad conductor and Rocky Mount resident, died in Rich-mond Monday, friends learned here Tuesday night. Mr. Hill, known to many people in the city as "Captain Robert Hill," who retired as a conductor only two years ago, had given more than forty years of his life in the Coast Line service. He numbered many friends up and down the line. He was considered a special friend of former General Superintendent W. H. Newell and Superintendent of Transportation W. B. Darrow, who died here only about a year ago. "Captain" Hill, who succumbed Monday morning, will be brought through here on train No. 83 en-route to LaGrange where funeral rites were held at 3 o'clock Wednes-day afternoon. The funeral party left Richmond Tuesday night, ar-riving here at 1:20 A. M. Wednes-day. The body was transferred then to train No. 41, which left South Rocky Mount at 3:50 o'clock in the morning. Mr. Hill, a Bertie county native. Wake Forest, Nov. 25.—Dr. N. Y. Gulley, 80, dean emeritus of the Wake Forest College Law School, fainted during church service yes-terday morning and has been in bed since. His physician stated that the at-

tack was due to digestive disturb-ances and an overheated building. Dr. Gulley rested comfortably today and expects to resume his teach-ing within a few days.

MARRIES HIS 105TH WIFE BY PROXY

The marriage by proxy of King Ibon Saud, of Saudi, Arabia, to the only daughter of the powerful Sheik Nouafel Shellan, has brought the number of the king's wives up to

105 Until the advent of the latest ad-Until the advent of the latest au-dition to the harem it was a popu-lar jest that the king had two wiv-es for each week of the year. Now it is suggested that in taking un-to himself another, he is providing for the extra day of leap year, 19-20

Rocky Mount at 3:50 o'clock in the morning. Mr. Hill, a Bertie county native, was born near Windsor, November 18, 1875. He entered the service in 1898 on the Norfolk district, serv-ing several years as passenger and frieght conductor between here and Norfolk. About January 1, 1906 he was transferred to the old Fayette-ville district, and had his run on the Spring Hope branch train between here and Spring Hope. He was called a very popular conductor. Several years later he moved to Richmond, working as passenger con-ductor on the through line trains un-til about two years ago when his ³⁰. It is said that the king paid the highest price ever actually handed over for a wife in that part of the world, no less than 5,000 head of cattle and a large number of cam-He owned considerable real estate here and in Richmond, and belong-ed to the Baptist church, the local Y. M. C. A. and the Order of Rail-way conductors.

world, ho less than 5,000 mober of cam-eatle and a large number of cam-els. King Ibon Saud is a strict non-drinker and non-smoker. His gift of camels is regarded as particularly significant because of his partiality ito these animals owing to their er-puted abiliyt to go for a long time without a drink. The king has not yet seen his latest wife, who is believed to be more advanced iff years than many of his brides. The union was prob-ably more of a political arrange-ment than a love match. The name of the new bride was kept a secret at the time of the wed-ding, but it is now revealed that she bears the name of Aicha, which Rider Haggard immortalized. The king, who is 55, makes no secret of the fact that his favorite wife is the poor beauty of Damas-ure the bear series 1027 (Sho way conductors.

way conductors. His wife, formerly Miss Nora Sut-ton of LaGrange; an aunt, Mrs. Jeff Sumner, of Hertford county; and an uncle, S. J. Hill, also of Hertford county survive. He was an only child, and his parents died while he was still a youth.

Tew new theories on the matrimon-ial situation—one of them that feminine apparel may have some-thing to do with it. When women wore pantaloons and skirts which swept the ground fore and aft, he said, they behav-ed finely. Dignity has grown scantier with clothing he feels

IN MEMORY OF BENNY A SQUIRREL ARE NOT TWO SPARROWS SOLD

ILT YOUR FATHER!

Memory of a Squirrel Is Honored

Standing in solemn dignity adjacent to a statue of Beethoven and a majestic figure memorializing Los Angeles' soldier dead, a bronze plaque was erected in Pershing square, Los Angeles, in honor of "Benny, a Squirrel." For many years Benny was one of the most popular and widely known of the denizens of Pershing square. A year ago, while on one of his trips across a busy street, Benny was killed by a speeding motorist. Friends buried his broken body in Pershing square and a mock orange tree was planted to mark his resting place. Through local civic officials, a bronze plaque was engraved in honor of the late squirrel.

President Not Due Criticism

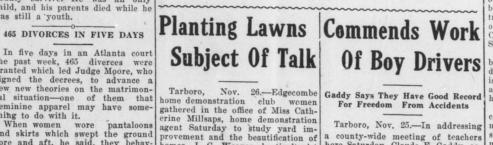

There is much criticism throughout the country of the manner in which the WPA and the PWA is functioning and most of the criticism is directed to the manner of which these agencies are being administered. This criticism should in no way affect our admiration for President Roosevelt in handling a most difficult situation.

The President never intended that politics should enter into the administration of these agencies, but there appears to be serious criticism throughout the nation because certain Governors Representatixes and Senators have undertaken to build political machines through relief work which is repulsive to all right thinking people, but this is not the fault of the President. He has pledged to the people that the worthy hungry should not go unfed and to do this he has to deal with the frailties of human agencies who are responsible for the short-comings.

SHOULD BE THANKFUL

The greater part of the 1935 tobacco has been sold. The farmers did not receive as much per pound as last year but yield more in dollars and cents than was paid to the farmers last year, by reason of the lower prices of tobacco, selling has been somewhat slower than last year, which has caused the fall trade to be as good as last year, but after all the Nash and Edgecombe counties have everything to be thankful for. We have a fine farming section, with a splendid rainfall, and generally delightful weather which has caused us to have an abundant crop not only of cotton, tobacco, peanuts and grain, but truck of every variety for our tables.

So in this season of Thanksgiving through which we are passing, let us enumearte the great blessings and bene-fits which have been ours during the past year. Many of which the population of other sections have not been blessed with.

By Hugo Sims, Special Washington Correspondent

Swinging definitely toward the de-velopment of foreign markets for American goods, the Administration has accepted in full the trade pol-icy of Secretary Hull. The treaty recently made with Canada has been received with mixed sentiment in this country, although officials have made every effort to reasure the interests affected. The President took the unusual course of explain-ing the pact to correspondents and predicted that it would double the commerce between the two nations within two years. Swinging definitely toward the de-

Democratic primary election of the State next June. Mr. Sanford, prominent in educa-tional circles of the State for many years, attended Georgia Military Col-lege at Miledgeville in 1891 and en-tered Mercer University in 1892. In Mercer, Mr. Sanford orænized the University's first baseball team and was its captain for four years. He also played right end on the varsity football team and once had as op-position in a game with Georgia Tech. General Leonard Wood, a half back. Mr. Sanford was twice a champion debater for Mercer and won the first sophomer declamation medal. He was the anniversarian in 1897 and the commencement speaker in the same year. Mr. Sanford attend-held in Macon to add \$1,000,000 to Mercer's endowment. After graduat-ing at Mercer, Mr. Sanford attend-ed Cornell University, Ithica, N. Y., where he studied under Dr. Decar-no, education instructor, Dr. Charles Bennett, Latin instructor, and Dr. Hiram Corson, English instructor

reduced. However, quota restrictions are placed upon the lumber which may come into this country under the reduced duty. Similar restrictions limit the cattle calves, dairy cows, cream and certified seed potatoes which may take advantage of the reduced rates. The President, prob-ably with an eye to agricultural sen-timent, emphasized that the quotas for these commodities were a very small percentage of our domestic production. Malace insists that the pact will mean the improvement of the posi-tion of farmers in this country in the long run and that it will be "beneficial to all people of the Unit-ed States and especially to farmers." Admitting that a few groups will fear they are being hurt, he says the reductions are of such a na-ture that Canadian imports cannot affect our price structure by more than one per cent and that this will be more than offset by the increas-ed payrolls which will stimulate the demand in this country for the farm products that will be slightly affect-ed. products that will be slightly affect-ed.

BEING BUILT IN STATE Raleigh, Nov. 25.—The extra al-lotment of 110 pounds of tax-free cotton allowed growers for their own use is stimulating interest in home-made mattresses among Catawba county home demonstration club wo-men. Some time ago, as the women were outlining their club projects, a num-ber of them decided to make matt-ber of them decided to make mat

Regarding the reduction on cat-tle, this relates only to those weighing seven hundred pounds or more each, with the duty cut from three to two cents a pound. In addition, the agreement provides that entrance the agreement provides that entrance from all countries at this rate may not exceed three-fourths of one per cent of our average annual total do-mestic slaughter of cattle and calv-es from 1928 to 1932. The lower du-ty on calves is limited to a small percentage of domestic production and that on dairy cows to 20,000 head. Limits were also set for cream and seed potatoes to protect
