THE HOME FRONT NEWS

A few months ago, when war became a fact,
Our faithful friends at home, they begun to act;
They published a monthly paper, to cast away our blues,
And they decided to call it, "THE HOME FRONT NEWS."

All our friends together, they joined in the fight,
To do their part, in making our path bright;
And we are proud of the job, which they have done,
That will keep up our spirit, until VICTORY has been won.

To the editors, publishers, and all the rest,
Who, for the boys in uniform, you're doing your best;
A victory has been achieved, in your own home town,
So, keep up the spirit, and we CAN'T go down.

And now, dear friends, may "God Bless you all",
For united we stand, or together we fall;
So, in these last moments, I say to you, adieu,
And keep on publishing, "The Home Front News".
