### ARMY NEWS

Capt. Joseph H. Cutchin, Jr. Medical man in Camp Gruben, Okla., (formerly of Whitakers) has a wife, 8 mo. old babe and a 5 room house; only complaint is that he is head of a "Collecting Company" and moves patients rather than treats them Awful on any medico not to be able to give a pill or whack a little; says he knows Dan Mizel Raymond McDaniel, Russell Edmondson and Tom Page.

Pfc. Ferrell Palmer is a remote control gunner on a B-29 the world's largest bomber - is now at Lowry Field; When he gets his HFN he starts hearing "I want that after you, Bud."

Pfc. Thomas F. Pollard is home after seven months in Greenland; had a family reunion with brother Privates Samuel and Lynwood. Pfc. Edward Griffin is in England.

Pfc. William A. Crisp (Pinetops) with his little bulldozer, helped build that famous Airplane runway on the Ascension Island (we knew it all the time but the censor man said no until the Readers Digest published the fact.) Engineer Crisp has been home on extended furlough but is now back in action in the European Theatre.

A/C Bernard R. Hyman of Buckley Field, Col. says the Rotary Club is a success in serving its country by publishing the HFN. This comment made said Club's membership swell around the chest instead of the stomach which is a change. S/Sgt R. F. Sykes is an ariel gunner in Italy and gets the HFN.

### FINANCIAL REPORT OF HFN
