OUR ADVERTISER:

Slim (H. I.) Johnson and Sam (S. A.) McConkey -
paid us \$50 bucks for
their add & thereby did
much to defray the ex-
penses of this issue.

HOME FRONT NEWS FINANCE

Your paper and mine has had an
income of \$4,519.00 since July
of '42 and here is where it
came from:

Advertising.....\$1,778
Subscriptions-Donations 1,184
Special Events 1,557

Before paying the cost of
this issue we had left on hand
\$560.00; the item of Special
Events on the income side in-
cludes drives of all kinds as
scrap, paper etc. and income
from plays and other benefits
conducted by different organi-
zations. All this outlined in
come still doesn't include the
large but unknown amounts that
were spent by Milton Brown in
giving you those pictures you
enjoyed so much. Just think if
we had had to pay for all the
work that has gone into this
home made news sheet our in-
come would have had to be lar-
ger than the Church Debt. We
know better than to try to
give credit to all the persons
and organizations that have
contributed time and money to
the HFN for we would be sure
to forget some because truly
it has been a community pro-
ject. We are proud of the work
done by our wives in that most
live organization known as the
Service Wives. We are indebted
to the Telephone Crowd; the
Courthouse Gang; The Chamber
of Commerce; The Draft Board &
The State Hospital Assn. which
had so many girls working for
the HFN we called it the Femi-
nine Institute of Stenology. We
owe much to our faithful re-
porters and we must and cannot
forget the Pilot Club; Then
never for a moment forget that
our Advertisers did more than
their bit when cash was needed
bad. Then lets thank ourselves
You know the Rotary Club did a
right good job dont cha know
Both local Banks, on several
occasions, permitted their en-
tire staff to work for the HFN
