School opening con't.  
school department. The high school  
can offer more to students when the  
enrollment is large. The large new  
building with so many comforts and  
conveniences should inspire us to  
fill up the school with boys and  
girls. We can have a large high  
school if everyone helps. Let's  
everyone get busy now to help get  
a large school enrollment for Wed-  
nesday morning, September 3rd.
