

BOY SCOUTS con't.

N.C. This was an excellent film of the boys in camp. It makes those of us who have attended these camps think of the good times we had and gives us a longing to get back, and to those who have never had this experience a great desire to attend.

We appreciate the time and work put forth by Ben Edwards of Franklin in showing us this movie.

Several boys are planning to attend camp and we will be in camp for the week of July 5 under the leadership of the Scoutmaster. The registration has to be made at once, so all scouts planning to go to camp must be prepared to hand in their registration at our regular meeting, Thursday, June 24th, at our "Hut" in the old school building.

Town Meeting con't.

the board of commissioners of the town of Highlands that it shall be unlawful for any person to park any farm tractor, house trailer, semi-trailer, trailer, road tractor, truck tractor, motor truck larger than a small, short wheel base pick-up truck, property hauling vehicles larger than a small pick-up truck, or special mobile equipment on Main Street or Fourth Street within the fire zone limits heretofore, established in the town of Highlands, provided, this shall not prohibit the parking of trucks and other property hauling vehicles for a reasonable length of time for the purpose of loading and unloading.

Section 2: It shall be unlawful to park any vehicle, truck, trailer, or tractor within any space in the town of Highlands marked "No Parking", except for a reasonable time for the purpose of loading and unloading.

Section 3: Any person violating the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars and imprisoned not more than thirty days.

Section 4: This ordinance shall be in full force and effect from and after its adoption.

This ordinance was adopted the twenty first day of June, 1954.

Also discussed at this meeting of the town board was the well which is being drilled on Pine St. The well has reached a depth of 500 feet and an adequate supply of water has not yet been reached. Mr. W.A. Martin, of the Virginia Supply and Well Co. of Atlanta, will be contacted about the advisability of drilling deeper.
