At the regular meeting of the Highlands Rotary Club Tuesday night Mr. John H.C. Perry gave an interesting talk on Insurance Rates and why they are likely to go up.

With a beautiful, modern building like this one we feel that Highlands is steadily moving forward to better serve the residents and summer visitors. With modern buildings like this one Highlands will be more attractive as a tourist resort.

While that person is there, we make regular visits, perhaps taking flowers or books or magazines, and still the hospital remains an impersonal thing of strange medicinal smells and crisp white activity.

One day, though, we, ourselves, are stricken with a severe illness and when
