### NEWS FROM HIGHLANDS COMMUNITY THEATRE

The Highlands Community Theatre was founded in 1940 when a small group of local and summer residents presented a play. This play was presented not by a group of professionals, but by men, women, boys and girls with a common goal--the production of GOOD THEATRE. Their desire was not to present Broadway plays merely for the sake of presenting warmed-over Broadway, but on the contrary, to be highly selective in their choice of production. If Broadway had produced an exceptionally fine piece of drama, then it may be chosen for production and presented with a strict adherence to the playwrights intent by the Highlands Community Theatre.
