PICNIC AREAS

The picnic areas along our highways have been established for the use and enjoyment of the travelling public. The garbage cans placed in these areas are for the use of the people who picnic there. They are not for the general disposal of garbage.

It has come to our notice that some of our residents are using the cans for the disposal of their household trash and garbage.

Worse still much of this is scattered all around, making the whole area unsightly and unsanitary.

The men of the Highlands Department are making every effort to keep these picnic areas clean and attractive, but they cannot be expected to dispose of the garbage and trash from the near by households.

Please help your Highway Commission keep our community clean.

ATTENDING CONVENTION

Highlands Fire Chief Carlton Cleaveland and Mr. Neville Wilson and Mr. Eugene Houston left Sunday to attend the annual North Carolina Fireman's Association Convention in Lumberton, N.C. The convention will last through Thursday of this week.
