"THE BIG COUNTRY"

"The Big Country," William Wyler's epic film of the American southwest, stars Gregory Peck, Jean Simmons, Carroll Baker, Charlton Heston and co-stard Burl Ives and Charles Bickford with Chuck Connors and Alfonso Bedoya. It's the story of an easterner who is plunged into a bitter western range war when he tries to mediate a long-standing feud between two families who claim water rights to the same land.

"The Big Country," an Anthony Worldwide Production filmed in Technirama and Technicolor for United Artists release will play Sunday, August 9, at the Galax Theatre. William Wyler and Gregory Peck produced and Wyler directed from a screen-play by James R. Webb, Sy Bartlett and Robert Wilder based on a novel by Donald Hamilton. The screen adaptation was written by Jessamyn West and Robert Wyler.
