DON'T FORGET Monday Night's Concert of the HIGHLANDS MUSIC FESTIVAL

"LEGEND OF THE LOST"

"Legend of the Lost," a drama of adventure and romance in the wild African desert, will play Saturday, August 8 at the Galax Theatre through United Artists release. The picture stars John Wayne, Sophia Loren and Rossano Brazzi, with Kurt Kaszner heading the list of featured players. Henry Hathaway produced and directed the screenplay. The picture was filmed in Technicolor and Technirama.

Filmed mostly in Libya, where the motion picture camera had never before recorded the beauty, starkness, and impenetrable mystery of the desert, "Legend of the Lost" took a company of Hollywood stars and a vast unit of technicians half way around the world to bring this story to the screen.

John Wayne, who has proved himself a favorite with movie-goers in such diverse films as "Stage-coach" and "The Quiet Man," plays a rugged, relentless and roguish guide in the desert. The lush Sophia Loren, whose charms need no elaboration at this point, is cast as the girl for whose love, Wayne and Brazzi contend. And Rossano Brazzi called by many as the most exciting romantic actor in a decade, plays the strange fortune hunter, looking for a lost treasure in the Libyan desert.
