AMUS CON'T

ing real philanthropic about prides we are giving on our lovely gift items. It is really remarkable - with every gift, too- as bright as a silver dollar! We create our own ray of sunshine with the values we dispense.

As I have said, every one here has adjusted beautifully to the weather, and we are about the gayest little town anywhere in the mountains - with teas, and concerts and Little Theatre plays - and good movies every night - one really has to do a little 'cat-napping' during the day to keep up with it all. We finally end up at the 'Late, Late Room' for a grand meal with which to finish up our day and we really need all the goodies that this place offers. It's too bad that you find you cannot join us!

We've had a regular deluge of friends from out of town with us during these rainy days and gaiety reigned supreme! There were 'turtle catchings' and 'frog giggings' which ended up in diversified opinions as to the "delicacies" these trophies netted. (I, for one, could not go all the way with any degree of enthusiasm in some directions!- I feel sure than you would have enjoyed them much more that I was able to do).

Well, summer rolls along and before any of us are aware of it we shall be leaving in every direction for our winter homes- to dream of the good times, wonderful experiences,- we have had all summer- and drool over the gems and the good shopping as evidence of a summer well spent!

I hope you are finding lots of interesting things to do up there while I am away- and are storing things up in the old shoe to be nibbled on during the cold, cold winter when we can revel in our

dreams of this glorious summer!

Lots of love to you, my dear Amus,- I will be seeing you before long as our little shop will be closing soon after Labor Day this year - since, our Cousin, The Country Mouse must be off to her new winter home early this fall.

With my dearest love,  
Your Minnie

BRIGHT TUNES IN WARNERS HIT

Two catchy new songs by the popular song-writing team of Sammy Cahn and Jimmy Van Heusen are heard in "Ocean's 11," playing at the Galax Theatre, Thursday, July 20.

Dean Martin sings "Ain't That a Kick in the Head" a title derived from one of the actor's favorite expressions and Sammy Davis, Jr. introduces a novelty number, "Ee-o-leven," a sound heard frequently at the gaming tables of the casinos in Las Vegas, the playspot which is the background for the unique comedy-melodrama.

THE HOSPITAL BAZAAR, JULY 28-29 WILL FEATURE HAND-MADE WOODEN ITEMS BY MR. DICK HARRISON---SALAD BOWLS, DOUGH-TRAYS, FRUIT BOWLS AND MANY OTHER LOVELY ITEMS IN DISTINCTIVE WOODS FOR THE BENEFIT OF THE HOSPITAL.
