"FANNY"

Radiating the Gallic charm and *joie de vivre* of the classic Marcel Pagnol trilogy, Joshua Logan's production of "Fanny" for Warner Bros. opens Wednesday, August 8 at the GALAX THEATRE. Leslie Caron, Maurice Chevalier, Charles Boyer and Horst Buckholz star in the Technicolor presentation which was filmed on location in Marseilles.

This film version climaxes Logan's long love affair with "Fanny." Eight years ago the producer-director presented the three popular Pagnol pieces---"Fanny," "Marius," and "Cesar"---as a hit Broadway musical. Although the film is a straight romantic drama, enriched with warm humor, Academy Award-winning composer-conductor Morrie Stoloff based his background score on melodies from Harold Rome's score for the Broadway production.

Determined to make "Fanny"---the poignant story of a love affair between two young people and the compassionate understanding of their elders---authentically French, Logan picked France's three greatest international stars, Leslie Caron, Boyer and Chevalier for three of the four top roles. Starring opposite Miss Caron as her lover is fast-rising European star Horst Buckholz.

Former Metropolitan Opera basso buffo Salvatore Baccaloni, French character actress Georgette Anys, Raymond Bussieres, Lionel Jefferies and Victor Francen are also featured in the beguiling love story.
