SALES AND SERVICE

will be given away from early until late during the day.

Miss Potts is in the process of moving to her new location next to Potts Market this week and expects to be open by Friday or Saturday. There are to be 19 washers in all, both Westinghouse and Philco models. In addition, a 25 pound washer has been installed and the new Philco Dry Cleaners are of the most modern and efficient types. The unique extractor completes the modern laundrette, along with six big dryers.

Plan to go by and see the new "Washpot" and attend the Grand Opening on July 6.

## FOREST SERVICE NEWS

The contract to build a new Ranger residence was given this week to Alvin Crowe and Company. The construction, which is due to begin within the next few weeks, will be 1.8 miles south of Highlands on Highway U.S. 28.

Presently, the main project of the Forest Service is work on the seed production area near the Chatooga River. From an area covering approximately 10 acres, seeds from superior white pines are collected for planting next fall. The purpose of this project is to secure the best quality trees possible.

Salvaging of timber from the burned 286 acres near Cashiers began this week by the Gloucester Lumber Company. Much of the timber, not badly damaged by the fire, will be used for lumber.

Ranger Peterson reported that there were approximately 14 campers at the Van Hook camping area this past week-end. Starting next week-end, Ranger Peterson stated, there will be someone on duty at both Van Hook and Cliffside recreation area.

The Forest Service crew is presently doing repair work on all the Forest Service roads throughout the area.

On Thursday, July 11, Dr. Robert B. Platt of Emory University, will give a lecture at the Museum of Natural History on IONIZING RADIATION AND MAN'S RENEWABLE RESOURCES. Plan to attend this one of a series of fine lectures to be given at the Museum throughout the summer.

## TUTORING AVAILABLE

Mr. Don Watson of Aiken Preparatory School in Aiken, S. C., will be offering instruction in various basic and advanced courses of study during the course of the summer in Highlands, N.C.
