"CIRCUS WORLD"

"Circus World," which plays at the GALAX THEATRE on Friday and Saturday, July 30-31, is an example of how hands across the seas joined in the making of a colorful motion picture. The film was shot, for the most part, on location in Spain. Among its roster of stars are John Wayne and Claudia Cardinale.

Performing in the film is the Franz Althoff Circus, famous European circus, featuring stars coming from all parts of the globe. Henri Dantes, the fearless young lion tamer, comes from Germany.

Besides the human performers, there are a variety of animals in "Circus World" such as elephants, camels, Watusi oxen, zebras, llamas, lions, polar bears, sea lions, and Malayan bears.

Other stars in the picture other than John Wayne and Claudia Cardinale are Rita Hayworth, Lloyd Nolan, Richard Conte, and John Smith.
