COMMUNITY DEVELOPMENT PICNIC

The Shortoff Community Development Organization held their annual picnic Sunday, July 3rd, at Cold Springs Bridal Farm with approximately 55 attending.

After the picnic, Ed Talley, president, gave a report on what the organization has done or has as a project for the coming year. Mr. Talley urged everyone in the Shortoff Community including Flat Mountain, and Whiteside areas, to attend the meetings, which are held the first Wednesday night of each month at the Shortoff Baptist Church.

He has led many crews in the suppression of destructive wildfires; he has selected and marked for sale many millions of board feet of national forest timber; he has established hundreds of acres of new forests, cut many miles of hiking trails across the mountains, located and supervised construction of many more miles of forest roads including the Blue Valley Road and Wilson Gap Road; he has played a large part in providing and maintaining recreation area improvements at Cliffside and Vanhook Glade.

District Ranger Bob Padgett has this to say about Bob and his new career, "The Forest Service will greatly miss Bob in many ways. But we hope to make continued use of Bob in his new role of private contractor. And we know we can count on Bob to come forward with his extensive fire experience when the forest is dry and the winds are high. We wish him the best of luck in his new venture".

BOB RICE RESIGNS

Bob Rice, Forestry Technician for the Highland Ranger District of the Nantahala National Forest, has resigned his position effective July 2nd. Bob plans to pursue a new career of private contracting in the construction of roads, bridges, lakes, buildings and other improvements and in land locations and development.

During his fourteen years of Forest Service employment, Bob has participated in many projects on the Highland district.

Mr. and Mrs. Joe Reese had as their house guest last week Mrs. Reese's brother, Mr. John Pierson.
