RICE FAMILY HONORED

Forest Service employees and their families gathered at the Highlander Restaurant Friday night to honor Bob Rice and his family with a supper party. Bob resigned his Forest Service job recently to enter private business. Mr. and Mrs. Lyman Zachary were also honored guests at the supper. Lyman retired from the U. S. Forest Service in May of 1965. On behalf of Highlands District employees, Jess Munger presented a duckback hunting coat to Bob in expression of appreciation for his 14 years of service.

Forty people attended the supper to wish Bob well in his new venture. District Ranger Bob Padgett congratulated Bob Rice for his new role as an independent American Businessman.

ANNUAL HOME AND GARDEN TOUR TO BE HELD AUGUST 10TH

The annual Home and Garden Tour sponsored by the Highlands-Cashiers Garden Club will be held on Wednesday, August 10.

The homes to be shown this year offer an interesting variety of location and design. Each has a different setting, and all present the most attractive aspects of mountain living.

In Cashiers, two homes will be visited in the morning: that of Mr. and Mrs. Eugene Thomasson, on Highway 64, east of Cashiers, and that of Mr. and Mrs. Neal Griffin in Hampton Forest. A buffet luncheon will be served (CONT ON PAGE 15)

"A HARD DAY'S NIGHT"

Creators of the sound and source of Beatlemania are four fabulously talented lads from Liverpool known collectively as The Beatles, and individually as George Harrison, John Lennon, Paul McCartney, and

Ringo Starr. Their first film "A Hard Day's Night", opens Wednesday, August 3rd, at the GALAX THEATRE, through United Artists Release.

In assessing their fantastic popularity, Life magazine wrote: "First England fell, victim of a million girlish screams. Then Paris surrendered. Now the United States must brace itself. The Beatles are coming."

The Beatles are a product of Liverpool, which has a population of some 300 rock-and-roll bands, hawking their musical wares in countless small cellar clubs, old stores and movie houses--nearly all in proximity of the Mersey River (hence the so-called Mersey Beat).

Their first recording "Love Me Do" sold a respectable 100,000 copies. It was the last time a Beatle single sold less than half-million! Their first million seller, "She Loves Me" came out in the spring of 1963. Then came the unprecedented success, "I Want To Hold Your Hand", and there has been no stopping them since!

Beatle music is wild, pungent, hard-hitting, uninhibited. . .and personal. Beatle popularity reached a pinnacle of sorts when the group headed the annual command performance for the Royal Family. The Queen Mother found them". . .young, fresh, and vital."

If you are a Beatle fan, don't miss their first film, "A Hard Day's Night". Guaranteed to produce Beatlemania!!

TO SAVE YOURSELF A WALK TO THE POST OFFICE FROM THE MIDDLE OF TOWN, LEAVE YOUR LETTERS AT BILL'S SODA SHOP FOR SPEEDY DELIVERY TO THE POST OFFICE, WHERE THEY WILL PROMPTLY BE MAILED!
