METHODIST NEWS

For a number of years the Sunday afternoon congregation of the Methodist Church has given a Sacred Concert. This is both a gesture of appreciation to the Methodist Church, which has made these summer services possible and meaningful, and an opportunity that the Sunday afternoon congregation has used to make substantial financial contribution to the church.

This year the concert will be given at the church on Sunday afternoon July 31st, at five o'clock. The public is most cordially invited to attend, and their generous support will be gratefully appreciated.

standing ever brought to the screen, headed by Ingrid Bergman, Rex Harrison, Alain Delon, George C. Scott, Jeanne Moreau, Omar Sharif and Shirley Maclain, with Art Carney, Wally Cox, Joyce Grenfell, Moira Lister and Edmund Purdom in co-starring roles.

Filmed in Panavision and Metrocolor against some of the most opulent interiors and breath-takingly beautiful exteriors ever brought to the screen, its story of the remarkable adventures over a period of years of a magnificent Roll-Royce and its various owners and occupants takes the viewer from a millionaire peer's estate in England and colorful scenes at the Ascot racetrack through a tour of some of Italy's most famous sites, including Pisa, Naples, and Positano, and winds up against a background of the Yugoslavian mountains, actually filmed near the border at Klaggenfurt, Austria.

It is doubtful if any motion picture cast has ever been represented by as many awards and honors as that of "The Yellow Rolls-Royce."

Summed up, "The Yellow Rolls-Royce" is one of the most entertaining offerings ever brought to the screen. See it when it plays here Monday, August 1, at the GALAX.
