

(NEWS FROM YOUR HOSPITAL, FROM PAGE 11) this program came up with this mighty substantial gift. Mr. Hamilton also wanted to inspire everyone associated with the Hospital to increased activity and so he made his gift contingent on the Hospital raising an additional two hundred thousand dollars. Naturally this will be a real challenge but not an insuperable one. Mr. Hamilton even went so far as to deposit this money in the First Union National Bank of Highlands and suggested and got approval to appoint Trustees of this money so that all during the escrow period the interest arising from any investments of the money is used for will be added to the fund for Your Hospital. This can increase the value of Mr. Hamilton's gift greatly and is another indication of his wisdom in handling the money.

Highlands-Cashiers people are fortunate in having men like Mr. Hamilton living here and sharing with them money which he wants the Hospital to have to carry out a program of progress. One could never too often express appreciation to Mr. Hamilton for his contribution.

It has been said many times before but it bears repeating that the people of Highlands-Cashiers Communities are very attached to the Hospital that bears this name. They evidence this frequently in their gifts to it and in recent weeks we have seen the dedication and devotion of many people and organizations resulting in sizeable donations to the Hospital. The latest effort of this type was the Dinner & Fashion Show Benefit put on by Gary and John Phelan, operators of King's Inn with Mary Norton cooperating in the Fashion Show. It took a lot of organizing and arranging to set this program up, it required a lot of planning to take care of all the details and it certainly was a real benefit because of the unselfishness of the owners of King's Inn to provide all the facilities for this big event. The affair was a delightful one..if anyone there failed to enjoy it..from the delicious meal through the Fashion Show, certainly no one gave any evidence this was true. It was a big evening of fun and entertainment and to Gary and John Phelan with Miss Mary Norton go not only many thanks but a lot of congratulations for a fine show.

It is Your Hospital...please help those charged with its maintenance to keep it up to standard at all times.

Next Week is the last issue of the GALAX NEWS for the 1969 season.
