PLANS FOR NON-GRADED PROGRAM ANNOUNCED

Following is a letter which has been sent to many parents with children enrolled in the first four years of school:

Dear Parent,

We are looking forward to another year of school and are sure your child will have a most enjoyable year during 1969-1970.

This year will be a wonderful experience for each child because he will be engaged in a program where actual step-by-step learning will take place and not just a "covering the book or materials" and going on--whether or not the child has learned the prior material.

Being the same age as others in a "grade" does not mean he has reached the same maturity. No two children learn at the same rate of speed; therefore, no child should be left behind, and no child should be bored. This year there will be no "grades" for those children who will be in the first four years of school. They will be in a home room with their own age group and learn and work in many different groups successfully progressing from level to level.

The following is the general program: Five rooms will be used, each designated for a specific subject. The subject rooms are Arithmetic, Language Arts,
(CONTINUED ON 21)

NEWTON RECEIVES MASTERS DEGREE

Word has been received that James H. Newton, son of Mr. and Mrs. W. C. Newton of Highlands and a 1959 graduate of Highlands High School, has been awarded the Master of Science degree at Furman University in Greenville, South Carolina, where he has studied under a full fellowship grant for the past two years.

Prior to attending Furman University, James was graduated from the University of North Carolina, Chapel Hill, with the B. S. degree in chemistry. In September, he will enter the Doctoral Program in Chemistry at the University of Florida, Gainesville, Florida, where he has been awarded a Teaching Assistantship, and will begin work on the Ph.D. degree at that time.
