**FAMOUS ARTIST EXHIBITS IN HIGHLANDS
 (CONTINUED FROM PAGE**

These are only a few of the many flowers that are ours to enjoy in the Highlands area. They are very easy to recognize, and for those of us who do not know them, a small illustrated guide to wild flowers of this area is just what is needed.

WE THANK YOU

The Womens' Auxiliary of the Highlands-Cashiers Hospital is deeply indebted to all of the organizations, church groups, merchants and individuals who have yearly helped to make the Hospital Bazaar a success. We do appreciate and thank you for your cooperation.

Each year the Auxiliary applies the proceeds to a needed piece of equipment for the Hospital and this year we will purchase a Flame Photometer for the laboratory.

Our special thanks to the Presbyterian Church for the use of the Educational Building and to the Episcopal Church for the use of their tables. Without either one we could not have a Bazaar.

We thank you.

CHIEF JUSTICE VISITS HIGHLANDS

Chief Justice of United States Hugo Black and Mrs. Hugo Black were visitors to Highlands last week. While here they stayed at the Highlands Country Club. Mr. and Mrs. Black were very favorably impressed with Highlands and remarked on the beauty of the mountains in this area.

SCREECH OWL

This is the common small "eared" owl of towns, orchards, and small woodlots. Its plumage is bright rusty, brown or gray; the facial disk is the same color as the head. In the east all other owls are distinctly larger. Song is a quavering whistle.

SKYLINE MOUNTAIN LODGE
