### "ANNE OF THE THOUSAND DAYS"

One of the greatest epic dramas, and most honored film in recent years, Hal Wallis' production for Universal, "Anne of the Thousand Days," coming Tuesday August 10 to the Galax Theatre, brings to the screen the colorful pagentry and romantic drama of Henry VIII's reign in England. Among many plaudits given the production, it has been nominated for 10 Academy Awards, more than any other picture in 1969.

In the historical drama based on Maxwell Anderson's Broadway play, Burton portrays Henry VIII, who defies the Pope, challenges the Emperor of Spain and destroys a ruling caste in England for the love of Anne Boleyn.

### RAIN RAIN GO AWAY

Last summer most of us watched the sky impatiently for a sign of a cloud and some rain. This summer we watch for a sign of blue sky. Whether the rumor is true that the gouging that the astronants are doing has caused this weather, or maybe this is just Dog Days or maybe this is just Highlands weather--now it's sunny.
