### "PATTON"

The New York Times says " 'Patton' is the epic American war movie that Hollywood has always wanted to make but never had the guts to do before." Now for the first time at popular prices you can see it for yourself. His name is Patton...and it was His war! He crushed the Panzwe divisions of the Nazi Rommell at strange sounding desert cities like Rabat and El Guettar. He raced across the fortification of Sicily to beat back the Germans and the British! He cracked the defenses of Bastogne to rescue a trapped American division. He was there at the Battle of the Bulge. George C. Scott gives the performance of a lifetime as Patton the man who lost a command with the slap heard round the world. "Patton" from Twentieth Century-Fox in Color will play at the Galax Theatre Sun-Mon August 15-16.
