

WAA

By M. Outlaw

The W. A. A. is nearing the end of the fiscal year. The new officers have already been elected and are preparing a successful program for the year. The new officers are as follows: President, Selma Arner, who succeeds Dorothy Rouse; Vice-president, Evelyn Black Creek, who succeeds Elaine Brooks; Wilson; Secretary, Frances Roebuck, Washington; Treasurer, Jessie Daniel, who succeeds Margaret Spencer of the previous year. For class officers, the old and new presidents are the help of Miss Hill, advisor, who selected the following girls: Senior Dorothy Rouse, who succeeds Margaret Outlaw of Sevensprings; Sophomore, Julia D. Wilson, who succeeds Selma Arner, Wilson. The Freshman class leader will be selected at the meeting of next year.

Plans for the future year, the work of the year's cabinet is not yet complete. At present two tournaments are in progress. There remains one match to be played in the croquet tournament. The croquet tournament is in its semi-final stage. Besides these, we still have tennis and archery for individual sports and soft ball for the teams.

For some special news. The W. A. A. will have their annual picnic in the form of a weiner roast on the 4th, from 5:00 till 8:00 p. m. The picnic arrangements are to be placed later. You boys try "playing up" to the girls on enjoy outings; each girl is invited to invite some one. I'll see you at the weiner roast.

State University is cooperating in a radio project designed to strengthen cultural bonds between U. S. and Mexico.

Summer School Plans Announced

Final plans for the 1938 session of summer school have been announced by Professor Case, the director of Summer School. The summer school bulletins have also been printed and distributed.

It is the purpose of the Summer School to offer courses for teachers seeking to renew their certificates or for raising the rating of their certificate, and candidates for college credit and degrees. All courses will carry certificate and credit. It has been the policy of the Summer School Department to offer any courses in the catalogue if there is sufficient demand for the course.

Last summer there were three hundred and sixty seven people enrolled in Summer School and exactly the same number as have registered this year during the fall and spring semesters. More room reservations have been sent in at the present date than were last year at the same time. All indications point out that there will be a record breaking enrollment this summer.

The faculty will be the same as last summer as far as we know, unless a few additions have to be made to take care of the large enrollment. Those who taught last summer were members of the regular faculty.

The Pine Knot

All the work for the Pine Knot has been sent in to the engraver and printer. The staff is planning for the book to come out just before the close of school. Still there are a lot of organizations and individuals that owe the staff money. These students will not receive their book until the money is paid. Some owe for individual pictures. Some for glossie prints and some for group pictures. If you wish to get a book please see that your bill is paid before the time for the books to be given out.

Delta Sigma And Phi Delta Gamma Have Joint Picnic

On Friday afternoon, April 15, the Delta Sigma Sorority and Phi Delta Gamma Fraternity had a weiner roast in Gold Park from 5 until 8. This is the first party of joint meeting of the fraternity and sorority have had since the 1 Smoka Pipe Club was changed to Phi Delta Gamma.

The evening was greatly enjoyed by all those attending and plenty of wieners, marshmallows, and lemonade was furnished for all.

Those attending were May Waine, Helen Godwin, Edna Barnhill, Ruby Barnes, Patricia Stephens, Lois Baggett, Selma Arner, Helen Williams, Beulah Gray Horne, Rebecca Pearce, Cleo James, Dorothy Creech, Beulah Pearce Aycock, Mary Ella Clark, Woodrow Sugg, Robert Carr, A. J. Moye, Bill Moye, Brantley Dewar, Lewis Everett, Billy Thigpen, Wilbur Outlaw, Red Rogers, Robert Jarmon, Cyrus Lee, A. C. Halloman, Kellom James, Chester Johnson, Robert Dixon, Leland Farnwell, Professor Rose, Miss Hill, Dr. and Mrs. Morgan and son. Miss Hill is faculty sponsor for Delta Sigma and Professor Morgan is faculty advisor for the Delta Gamma.

Those members who could not attend were Archie Daniels, Lloyd Bryon, Jarvis Edgerton, C. B. Johnson and John Yovarak.

SPORTS COMMENTATOR

Paul Douglas

You baseball fans who like real enthusiasm as well as knowledge of the game from your sports commentators will find one who fits in Paul Douglas, Chesterfield's baseball expert, who will review the games and players nightly at 8:30 p. m. E. S. T., starting April 18th with the season's opening, in a quarter-hour broadcast over 50 National Broadcasting Company stations from the Atlantic Coast to the Rocky Mountains.

Douglas is not only one of the country's best sports commentators but a real fan who never misses a game if he can help it. He roams the parks, knows all the players, and gets wildly excited as the dyed-in-the-wool baseball lover who does his broadcasting from the outfield bleachers and hath a carrying voice.

1938 Chesterfield baseball series lined up as a sport early evening dish for every fan in the territory who has a working radio.

Cornell University has a new five-year course in chemical engineering leading to a bachelor's degree.

The De Paul University student newspaper is conducting an editorial campaign for better dress among students.

HEAVY WEIGHT LOSS BY STUDENTS IN EXAMINATIONS

Students of Atlantic Christian paid for their cramming in the last examinations with a loss of 1007 pounds in weight, it is estimated by the Bureau of Educational Surveys, New York City.

The Bureau arrived at the figure by multiplying an average of two pounds weight loss reported by a representative group by 90 percent of Atlantic Christian students who engage in intensive study before and during examination periods.

Joe DiMaggio

has something to say about how different cigarettes can be!

"How about it, Joe, do you find that Camels are different from other cigarettes?"

"Any all-cigarettes-are-alike talk doesn't jibe with my experience. There's a big difference. I've smoked Camels steadily for 5 years, and found that Camel is the cigarette that agrees with me, in a lot of ways. Good taste. Mildness. Easy on the throat. And Camels don't give me jumpy nerves. Like a lot of people I know, I'd walk a mile for a Camel!"

BILL GRAHAM, seeing Joe DiMaggio pull out Camels, asked his opinion on smoking. Joe answered: "There's a big difference between Camels and others." You, too, will find in Camels a matchless blend of finer, more expensive tobaccos—Turkish and Domestic.

PEOPLE DO APPRECIATE THE COSTLIER TOBACCOS IN CAMELS

THEY ARE THE LARGEST-SELLING CIGARETTE IN AMERICA

JOE mends a net. His family are fisher folk. DiMaggio is 6 feet tall — weighs around 185 pounds. His nerves are he-a-l-t-h-y!

IN THE KITCHEN of his restaurant, Joe says: "I eat what I like. With my meals and afterwards, I smoke Camels for digestion's sake."

CLOSE-UP of Joe's grip. When someone mentioned a sensitive throat, Joe remarked: "I stick to Camels. Camels don't irritate my throat."

"TOBACCO GROWERS FAVOR CAMELS FOR THEIR SMOKING!"
— is the majority opinion in a survey of successful, well-known tobacco planters

"When Camel says 'costlier tobaccos' I know it's right," says Mr. Edward Estes, capable young planter, who knows tobacco from the ground up because he grows it. "Take my last crop, for instance. Camel bought all the best parts — paid me the most I've ever gotten. The men who grow tobacco know what to smoke—Camels!"

"Last year I had the handiest crop ever," says Mr. Roy Jones, another experienced planter who prefers Camels. "I smoke Camels because I know they bid higher and pay more at the auctions for the choice lots of leaf tobacco. They paid the highest price I ever got from anybody. Considering that Camel uses finer, costlier tobaccos, it's not surprising that Camel is the leading cigarette with us planters."

Mr. Harold Craig, too, bases his preference for Camels on what he knows about the kinds of tobaccos that go into the various cigarettes. "I get the check — so I know that Camels use more expensive tobaccos. Camel got the best of my last crop. That holds true with most planters I know, too. You bet I smoke Camels."
