EARLY REGISTRATION

"Register Early!" "Don't forget to Register" "Please Remember to Register Early!" These are the words that face us this time of year. But, why? "Why?" they say, "What difference does it make so long as we register?"

You have heard the expression, "do your the same reason, do your registering early to avoid the rush! No one likes to stand in line for hours waiting his turn; maybe getting his pushed and shoved around, and anything else that could happen in a crowd of wild college students.

"First come, first served" is a mighty good thing to remember these weeks. The first ones in the ofifce are the first ones to get registered and, therefore, the first ones to have peace and content, knowing that that much is over never to be thought of again until next fall.

If you do not care about yourself, please get registered. They have feelings as much as Did you know it? BURLON LAMM

MOZELLE RICKS Well, Christmas has come and the spring holidays to show their m that issue, there should be a outstanding people on our campus. So I reckon I'd better start putting some words into phrases and sentences about this month's personalities.

Since ladies should come first, we want to introduce you to Miss Mozelle Ricks, a resident of our neighboring town of Goldsboro. In 1936, her freshman year, Mozeile was a member of the Y. W. A., the Hesperian Literary Soiety, and secretary and treasurer the freshman class. As a

sophomore she was an active member in several organizations, in cluding the verse-speaking choir, W. A. A. and the Y. W. C. A. When she was a junior, Mozello was initiated into the Delta Sigma Sorority of which she was treasurer that year. She was also treasurer for the Y. W., one of the dining hall supervisors, vicepresident of the Woman's Dormitory Council, member of International Relations Club and secretary of the Junior Class. In this, her senior year, Mozeile

seeking some education as ember of the Education Club, while carrying on her other duties as secretary of the senior lass, and member of the Y. W Cabinet. We hope that Mozelle nas not worked herself too hard these four years while she has been so active on the A. C. campus. We feel that she has great access ahead of her in the teachng field, and we wish, although it may be a little too early, to give her heartiest congratulations and best wishes.

Why, of course he does, and we'd like to know what Lawrence Tibbett has got that Burlon hasn't. You say, a conmact. Well, remember that Burlon's young yet, in spite of his

many years at A. C., and while

there's life there's hope.

Like so many of us Burlon calls Wilson home and Charles L. Coon High his alma mater. He graduated from C. L. C. H. S. and entered A. C. in 1935, Throughout nis college career, music, of course, has played the leading role, Each year from his freshman year on he has been a stellar member of the Glee Club, and other musical organizations on the campus. In his sophomore, junior, and senior years he has been a member of the Dramatic club and has turned in several excellent performances, including the leading role in the Homecoming play, presented in the new chapel entitled The Third Floor Back". He was also a member of the Y. M. C. A. in his sophomore and junior years, and as a senior he was initiated into the Phi Kappa Alpha fraternity.

The saying goes that we can't go singing our way through life, but the way we see it, Burlon has done a pretty good job of singing his way through college, and if that wasn't life, well what's the need to go on living? We feel certain, though, that he can keep it up, and we know, too, that if Even her best friend wouldn't we ever need an entertainer and our worries are over.
