ATLANTIC CHRISTIAN COLLEGE, OCTOBER 4, 1957

NUMBER 1

New Rush System Planned By Pan-Hel

By PATSY FERRELL
Collegiate Co-Editor

A far reaching plan to strengthen the fraternity and sorority program on the Atlantic Christian College campus will go into effect next week when the "Greeks" begin annual Rush Week.

The program, worked out by the Pan-Hellenic Council, headed by Joe Bennett, calls for controlled bidding by the various fraternities and sororities.

In an exclusive interview for The Collegiate, Bennett said the larger fraternities and sororities on the campus will be allowed to extend bids to the smaller number of new students next week.

The formula worked out by the council calls for Phi Kappa Alpha to extend bids to 25 percent of the new students on campus. Sigma Rho Phi will be allowed to give bids to 35 percent of the new students. Sigma Alpha may extend bids to 45 percent, and Phi Delta Gamma Fraternity will be able to extend invitations to 60 percent of the new students.

The plan calls for Sigma Tau Chi and Phi Sigma Tau Sororities to extend bids to 25 percent of the new students. Delta Sigma will be able to issue invitations to 60 per-

cent and Omega Chi was allotted 60 percent.

Bennett said the term "New Student" covers all new freshmen and all transfer students who enrolled at the beginning of the Fall Semester. He said there will be no limit on students previously enrolled who are not now members of Greek letter organizations.

In discussing Rush Week in more detail, Bennett said a new system of visits to the various Greek letter groups' homes also has been planned.

He said commuting, or day men students, will be invited to attend the house socials during the afternoons and that campus students will be scheduled to visit at night. Women students will visit sororities in the afternoons.

The schedule calls for day men students with last names starting with letters from A through D to visit the Sigma Alpha House on Monday from noon until 1:30 p.m.; the Phi Kappa House on Thursday, from noon to 1:30 p.m.; the Phi Delta Gamma House on Wednesday from noon to 1:30 p.m., and the Sigma Rho Phi House on Tuesday from noon to 1:30 p.m.

Frosh Spirit Is On The Upswing; Fall Into Campus Life Groove

Hello ACC!!! Perhaps you don't know me too well yet, but you soon will, for I have big things in store for you. You see, I am the spirit of the Freshman class, better known as the class of '61, and I'd like to speak in behalf of us "plebians."

Although some of us came from places as far away as the state of Florida and Massachusetts, most of us are from cities and towns in our own Tarheel State. Why did we come to ACC? For about a thousand and one reasons you might say. But, nevertheless, we're here, and we certainly are proud of our new college . . . our new friends . . . our new life. Of course, our class isn't quite "hep to the jive" yet; we still wander

into the wrong classrooms and listen with awe as the upperclassmen greet almost everyone by name. Will we ever remember the names we've heard in the time since we arrived?

We may not have all the answers to what makes ACC tick, but we are willing to learn. We have the spirit and desire to surge ahead and make you proud of us, but we can't do it alone. With your help, guidance and understanding we'll soon get in the swing of things.

We're awfully glad we're here, and we are going to do our very best to live up to the name you have established for our beloved Alma Mater.

Wenger To Star In JWC Follies

See Dr. Arthur Wenger make his musical comedy debut October 4 and 5, in the Junior Woman's Club, "Red Gloves Revue."

It is to be presented in the Charles L. Coon High School Auditorium.

All proceeds will go to establish a fund for a school for handicapped children in Wilson and vicinity. Both adult and children's tickets are now on sale for \$2 and \$1.

The show features a cast of 100 townspeople and students in 21 different acts. Calvin Swanson of Cargill's Theatrical Agency is directing the show, being assisted by club members.

ACC is represented in the "Miss Follies" contest as well as in the cast. Miss Sharon Hazelring, head cheerleader at ACC, is one of the eight girls competing for the title which carries with it, as a prize, a complete wardrobe.

Votes for the candidate of your choice are a penny a piece.

The votes are on sale on the campus. It is hoped that the ACC candidate will make a good showing.

It's Long Way, Cambodia To ACC; Student Comes Half Round World

Among new students on ACC campus is Jenny Lee, from Cambodia, Indo-China, who has flown half-way around the world to begin her higher education.

A year ago Jenny made application to the Asia Foundation, which has a branch office in her home town, Phnom Penh, for a scholarship to study in America. Through this organization, connections were made with Atlantic Christian College and Jenny's application was accepted. The Foundation provides all expenses here, including spending money, for a period of one year, after which she may renew the scholarship if she wishes and grades are sufficient. They also insure transportation expense on her return to Cambodia, although Jenny had to per-

sonally pay for her flight to the United States. Jenny comes from a large family and has eight brothers and sisters. Her father is a construction engineer.

After her education in the public schools of Phnom Penh, Jenny taught for four years in the elementary school there.

Jenny's plans are as yet indefinite. She considered studying nursing, but as ACC offers no actual nursing course, she is undecided about further study. She is now taking basic requirements and adjusting to the English language. She speaks with a musical lilt and is rapidly collecting a very usable vocabulary. Before her arrival in the United States she had been

Executive Board Adopts Budget

At the second meeting of the Executive Board of The Student Cooperative Association, a budget for campus activities was adopted.

Meeting in the Discipliana Room of the Library, the Executive Board on Thursday night, September 26, voted to adopt the following breakdown of the \$14 stu-

dent activities fee. The Pine Knot, \$6.; The Collegiate, \$1.25; Concert Committee, \$1.40; Dramatics, \$1.25; Social Committee, \$1.; Student Christian Association, \$1.; Executive Board, \$1.05; and Emergency Fund, 50 cents.

The Bohunk budget also was discussed. The Board has not approved

the allocation for that facility as yet since it is hoped that it can be incorporated into the budget of the Social Committee by adding 20 cents per student.

Agreements from the Publications committee were approved by

Record Enrollment; Dorms Filled

Enrollment at Atlantic Christian has reached a new high this year with a grand total of 967 students. Of this number, 260 are

freshmen and 150 are transfers.

Not only are most of the Eastern seaboard states — from Massachusetts to Florida — represented in our student body! Cecelia Wang hails from Shanghai, China; Benjie Benier calls Puerto Rico home; Kei Hahk Kim represents Korea; and Yen Ai Ly (known as Jenny Lee) comes from Cambodia.

The girls will probably be interested to learn that the ratio of students living on campus is 240 boys to 170 girls. This averages out to about one and one-half boys to each girl!

With the enrollment at ACC pushing a thousand, the inevitable problem of housing presents itself in major fashion. Girls under the jurisdiction of campus housing number 170, at present, with a possibility of one further addition. This includes the eight girls living at Phi Sigma Tau Sorority House, located just west of Margaret Hearne Elementary School on Gold Street.

The number of boys on campus is 171, with 71 living in Caldwell Hall, 26 in the newly acquired Nash Street Dormitory, and the remainder in fraternity houses. Estimates are that there are about 50 boys rooming in town.

Plans are in the process of being drawn up for a new boys' dormitory at Atlantic Christian College. This modern dormitory, which will be built on the general style as the present classroom building, will be three stories in height and will house approximately 132 men. The dormitory will be located on the lot which now is occupied by the old science building. Small and Boaz, Architects, are expected to submit to the college the first preliminary plans of the proposed building within the next 30 days. The college does not know at present, however, when actual construction will begin.
